Organizations Help Make Us

We're always on the go! Whether we are marching in the band, painting scenery, or stuffing napkins in a class float; whether we are swimming, hiking, singing, or rushing to finish a science project--the activity doesn't matter. It's the action. Here at MacArthur there is plenty of it. There are thirty-six chartered organizations!

Today, the world looks for versatility in people, not only as it relates to jobs, but to other things they can and like to do. Extra-curricular activities help us develop this versatility. We participate in organizations because they are fun--they appeal to us. We hope to emerge interesting, well-rounded students.

This Year's National Honor Society

The National Honor Society, sponsored by Mr. Barris, is a service organization. It is sponsored by the Association of Secondary School Principals.

FIRST ROW: V. Cabello, N. Lassignal, K. Longwell, P. Powers, P. Rorke, Secretary; T. Damuth, President. SECOND ROW: L. Dubrulle, D. Hanson, L. Swanton, E. Szott, M. Christena, S. Blair. THIRD ROW: M. Sarow, K. Datte, I. Block, M. Streeter, D. Keyser, N. Gekeler. FOURTH ROW: H. Morgrette, T. Iwata, J. Beach, K. Ryckman, S. Hatch, J. Putz. FIFTH ROW: T. VanBuskirk, L. Olofsson, B. Johnson, M. Beach, T. Quinn, R. Johnson.

Had a Membership of 57 Seniors

The Society is composed of seniors who earned a 3.0 or better average in high school and were highly rated by the faculty in character and leadership.

FIRST ROW: Mr. Barris, W. Rosenbaum, Vice-President; K. Dawson, Treasurer; C. Kleekamp, M. Bailey. SECOND ROW: B. Handren, S. Moakes, M. Dubay, C. Schroeder, C. Bedtelyon. THIRD ROW: C. Krebs, J. STUDENT COUNCIL OFFICERS--Sue Radewahn, Secretary; John Putz, President; Kirk Dennis, Treasurer; and Tim Quinn, Vice-President.

The Student Council, as always, was an active student organization. Included in their list of achievements this year are the following: class elections, operation of the malt machine, organization and sale of SO cards, the SO Assembly, Homecoming Dance, Sadie Hawkins Dance, "Red Rubber Candy Apple" Community Dance, Cupid's Conspiracy, movies in the auditorium, Clean-Up Week, Turkey Trot, Faculty Basketball Game, trophy case, flagpole, exchange assembly with Arthur Hill, and the raising of money for the Tanzania project. In addition, the Council initiated a Sportmanship Trophy to be given to the most deserving school at the end of the school year. In February, the Council was host to the White Pine Council group.

The Student Council amended their constitution this year and presented it to the student body for a vote. As before, members are elected by first-hour classes and officers are from all classes. However, the approved amendments moved up the election date of officers from the freshman, sophomore, and junior classes to the spring, instead of in the fall. This enables the elected students to meet during the summer and organize for the following year.

Requirements for being a student council member are that the student must maintain a C-average and must attend meetings regularly.

Student Government at Work

Mr. Jerome Skarbek, a Peace Corps volunteer who had been stationed in Tanzania, South Africa, spoke to the Student Council. Sponsored by the "School Partnership Plan", his purpose was to interest schools in helping to sponsor the building of a school in South Africa.

At the SO Assembly, students dressed to represent the various activities included in the cost of an SO. The COURIER is represented here.

This band entertained at the SO Assembly and even presented an original SO song.

MISS LUCY SMITH

MR. REX O'DELL

The library and audio-visual services were consolidated this year to form a modern Instructional Materials Center which offers a wide variety of learning resources and services. This facility has been a hub of activity in view of increased independent research in many courses.

Monthly circulation averages 1800 books, 30 films, 40-45 records, 20-25 filmstrips, and a multitude of other media.

Two professionals, a secretary, and a good group of student assistants help fulfill student and staff requests for materials and equipment in an effort to maintain the fine educational experience provided at MacArthur.

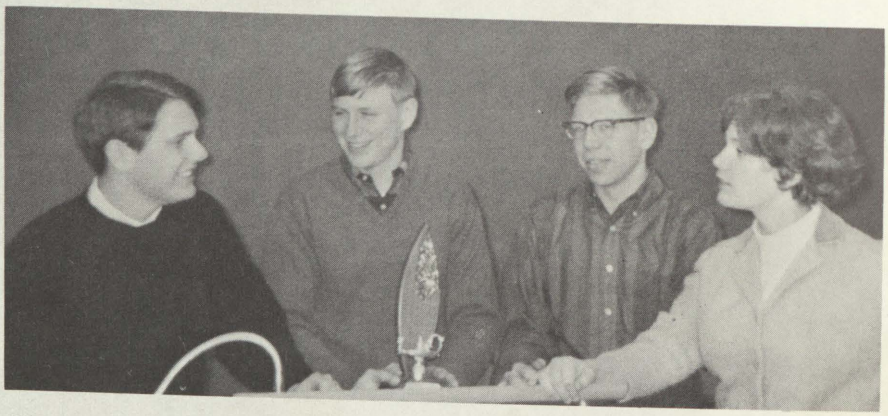
DEBATERS--FIRST ROW: Miss Cronk, B. Montiegel, K. Triant. SECOND ROW: D. Nitz, T. Damuth, M. McNeely, L. Kessel.



Larry Kessel, Tom Damuth, David Nitz, and Miss Cronk admire the trophy won for second place in the WPC Debate League competition.

Debate is certainly not for everyone. Those who can, however, meet the basic requirements of high intelligence and good speaking ability, or have the time and interest to develop these abilities, are promised stimulation and an increased ability to think clearly and rapidly.

The determination to spend the extremely necessary hours of research in the library is also important to being a successful debater.

The main topic this year was, Resolve: that the foreign aid program of the United States should be limited to non-military assistance. All in all, debate provides amusement and a high level of satisfaction.

WRITERS CLUB--FIRST ROW: J. Luplow, J. Faughnan, J. Jurrens, N. Ollerman. SECOND ROW: K. Lum, D. Oyerly, T. Quinn, N. Buerkel, J. Spence, S. Graper, Mrs. Larson, K. Pearson.

Let's Do Some Writing

The Writers Club is an after-school organization sponsored by Mrs. Larson. The club meets bi-monthly to read and discuss manuscripts that club members have written. They talk about styles of writing also, and occasionally discuss the works of published authors.

This year the club sponsored the VENTUS, although the Ventus class workshop did the actual work of editing and layout. The pictures to the right and bottom show Mrs. Larson's third-hour Ventus workshop at work.

Officers of the club attended the annual Saginaw Writers Club Award Banquet where Mrs. Larson received the award for "Best Story of the Year." Officers are: Jeff Jurrens, President; Jill Faughnan, Vice-President; and Nancy Ollerman, Secretary-Treasurer.

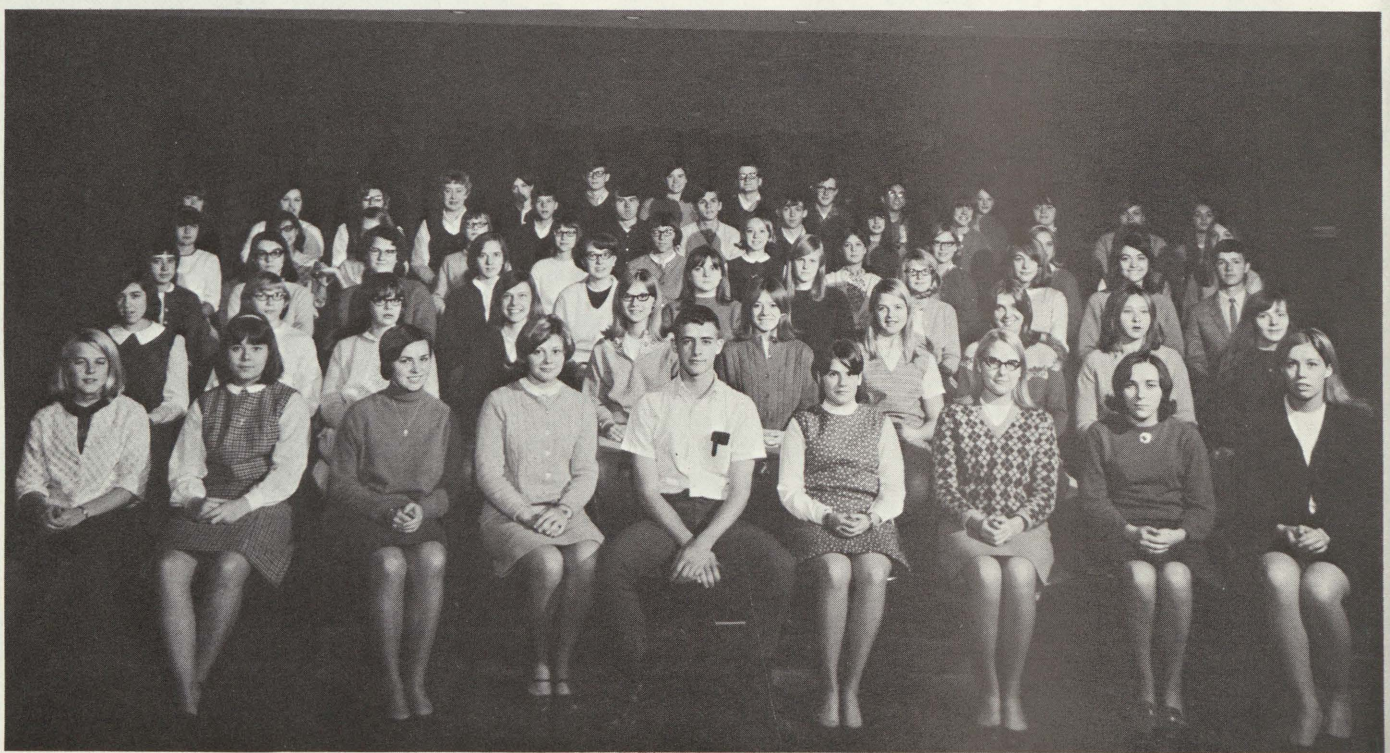
Our Drama Club . . .

The MacArthur Drama Club went on two trips in 1966. The first was to Stratford, Ontario, Canada to see Shakespear's "Henry VIII." The second trip found the club traveling to Detroit's Fischer Theater to see a matinee performance of "Fiddler On The Roof."

The first semester production was the murder mystery "Ten Little Indians," written by Agatha Christie. The planned entertainment for the General's spring schedule was the Broadway musical "Carnival.' The clubs sponsor is Miss Dingman.

Jim Lynch applies make-up for "Ten Little Indians." Photographer Dan Shutt catches himself in his candid shot.



DRAMA CLUB--FIRST ROW: K. Kile, D. Richards, J. Bax, Treasurer; J. Pieschke, Vice-President; B. Young, President; L. Peterson, Secretary; S. Tate, Assistant Treasurer; S. Lamb, Historian. Der deutsche Verein

The German Club, sponsored by Mrs. Leib, held their annual banquet in Frankenmuth on Sunday, February 19. The group visited the Country Store first, looked at the imports, and some club members bought items that were made in Germany. Later, they were served dinner at the Bavarian Inn amid German atmosphere by waitresses dressed in authentic German costumes.

Also added to the regular club activities this year was a German-style potluck dinner. One semester of German is required for membership. The German Club is a great opportunity to learn more about Germany and other European countries.

Qui Est - Ce?

C'est Le Cercle Français

Le Cercle Français, or better known as the French Club, sponsored by Mrs. Stoner, was very fortunate this year in having members who traveled abroad last year. Interesting slides of these trips were shown at several meetings.

The club also celebrated Mardi Gras in February, with all the colorful masks, costumes and festivities. The year ended with a banquet of typical French cuisine. Requirement for membership is one completed semester of French.

FRENCH CLUB--FIRST ROW: D. Duncan, C. Aubel, Vice-President; S. Cummings, Secretary; D. D'Arcy, President; J. Droulliard, Treasurer; D. Walker. SECOND ROW: P. D'Arcy, S. Noey, C. Price, K. Klynstra, T. Irhke, C. Swartzendubber, N. Buerkel. THIRD ROW: Mrs. Stoner, L. Fry, E. Vandernater, A. Marble, S. Strobel, A. Alexander, J. Raznick, J. Wolhfeil, B. Gleffe.

The French Club members were an enthusiastic group of students. At the meetings this year they studied how the French people celebrate holidays. Each meeting was based on a holiday. The pictures shown here were taken at the Easter meeting. In February, the club held a Mardi Gras meeting, complete with homemade masks.

LATIN CLUB--FIRST ROW: V. Blakely, R. Lanterman, M. Blackney, D. Hanlon. SECOND ROW: D. Wohlfeil, D. Williams, M. Sarow, M. Driscoll, J. Erickson, M. Bremer, M. Johnson, Miss McConnell.

Senatus Populusque Romanus

Caveat Emptor! Estne fortissima haec serva? Laboratne aut estne pigerrima?

If you have incentive and are an ambitious person, then you belong in the Latin Club sponsored by Miss McConnell. New members are presented at a Roman slave auction and are purchased by members of the club. The slave then serves his master until he or she earns enough points to become a freed man. Formal initiation into the club takes place in the spring at the annual Roman Banquet.

Students must have had two years of Latin or be currently enrolled in a Latin class. The club is affiliated with the Michigan Junior Classical League and large state and national meetings are held in the spring and summer.

The consuls are Peggy Rorke and Rayna Lanterman. Censor is Mary Johnson, secretary, Barbara Ulman, and treasurer, Mary Blackney.

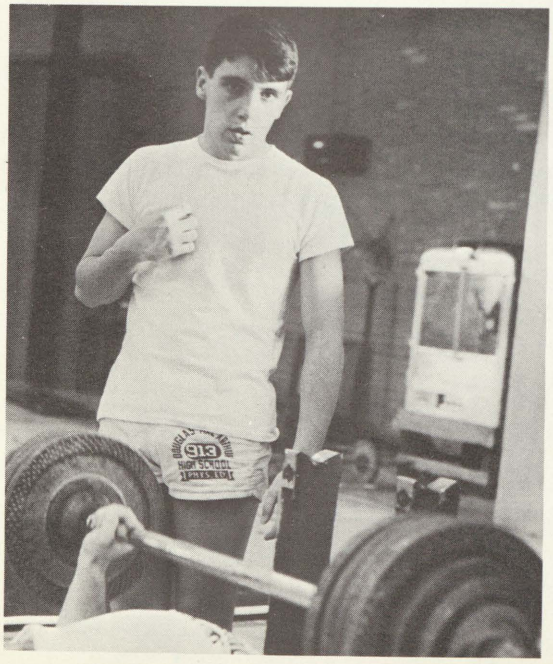
Weight Lifters Vs. Weights

WEIGHT LIFTERS' CLUB--FIRST ROW: J. Pache, K. Wurtzel, D. Kennelly, D. Brady, R. Rappa. SECOND ROW: P. Uncapher, D. Hampton, F. Yerden, G. Bereznoff, J. Black.

To be a member, a teacher or student must display a genuine interest in the physical development of the body.

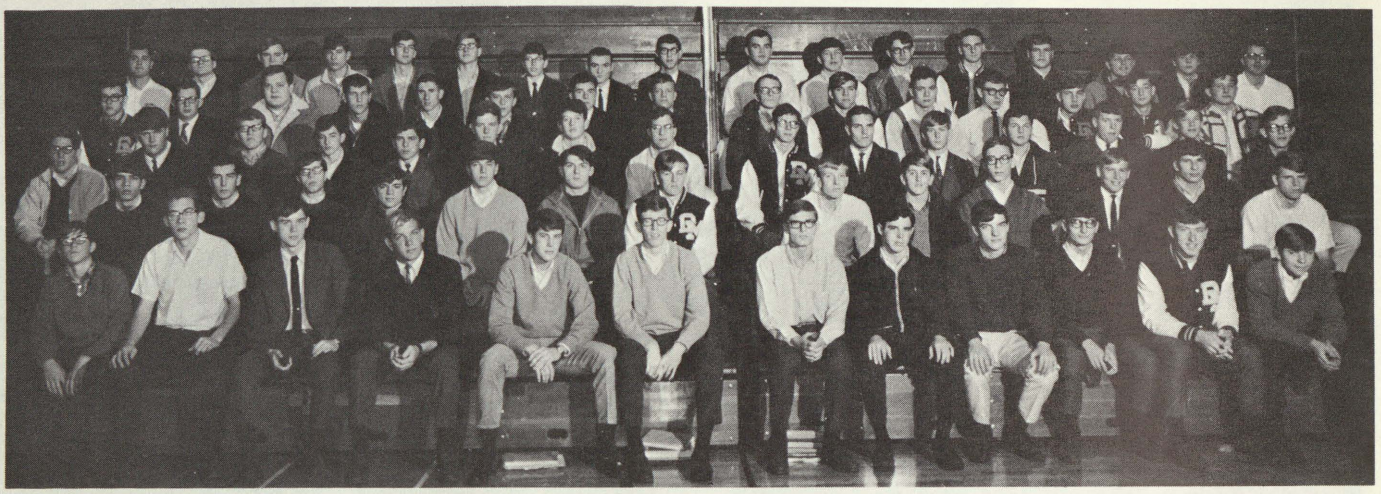
Some of the body-building exercises used include: the bench press, for the chest; arm curls, to develop the forearms; dead lifts and the standing press, to strengthen the back, arms, and shoulders; the traditional sit-ups, for stomach muscles; chin-ups and push-ups, for the arms; and squats, to build up the legs.

Mr. Pugh was sponsor of the club, with Jim Pache as president and Mike Gamble as vice-president.



ABOVE: Mike Gamble shows how to beat the weights by lifting 250 lbs. In the picture to the left a spotter helps protect the lifter from the enormous weight in case of an accident.

Varsity Letter Winners



VARSITY CLUB--FIRST ROW: D. Sharp, P. Uncapher, J. Jurrens, T. Quinn, D. Taylor, J. Tiderington, R. Lutenski, H. Weber, T. Wright, D. Oehring, T. Brechtelsbauer, T. VanBuskirk. SECOND ROW: D. Carlton, D. Ducharme, L. Bergersen, R. Dashkovitz, M. Heath, B. Weinert, K. Pugh, A. Mumby, H. Shannon, H. Roth, T. Damuth, R. Beadle, T. Webber. THIRD ROW: D. Feldman, G. Ihrke, B. Robinson, R. Kukla, D. Allen, B. Hassel, F. Yerden, J. Beach, D. McDonald, B. Stertz, D. Weber, B. Courtright, B. Moeller, P. Poag, J. Fanz, Mr. Fitzgerald.

Jim Wilber and Rick Franz sport traditional blazers.

The Varsity Club is a service organizaton. The boys assisted at the athletic events. The requirement for membership is to be a varsity letter winner.

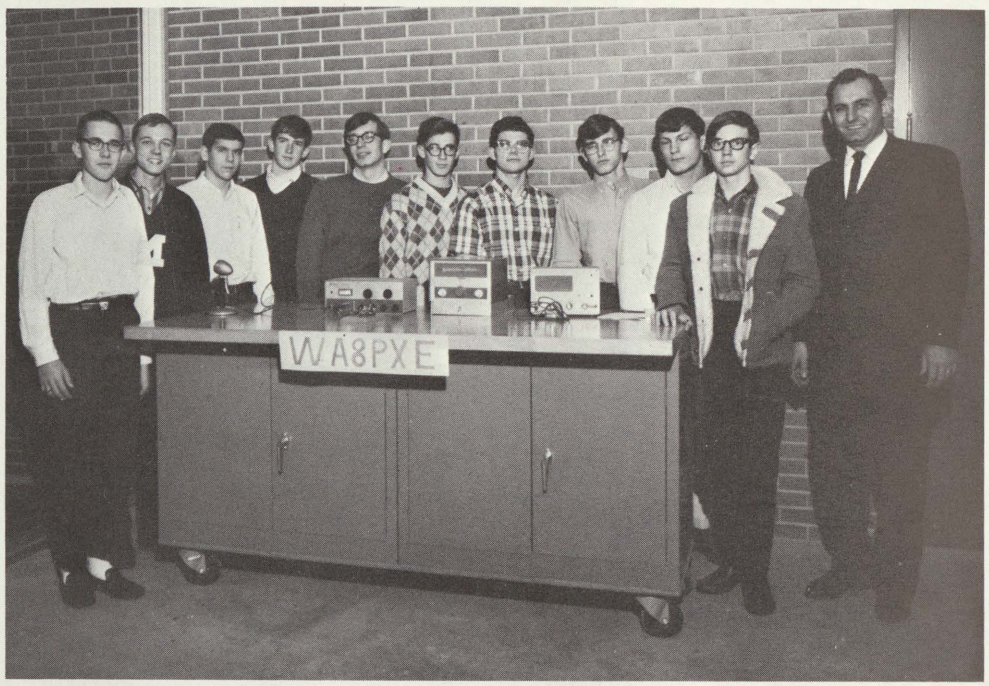
PHOTO CLUB--FIRST ROW: J. Wallace, C. Frost, D. Shutt, President; J. Accetta, Secretary; K. Walker. SECOND ROW: C. Frederick, J. Butts, J. Hitow, D. Ullrich, Chairman; R. Walker, A. Goldberger, G. Wagner, Mr. Zittel, J. Mikoleizik.

Club Sponsored Monthly Photo Contest

Do you know how to develop photographs that you have taken or how to enlarge them from a negative? These are just two of the skills that the Photo Club members practiced this year.

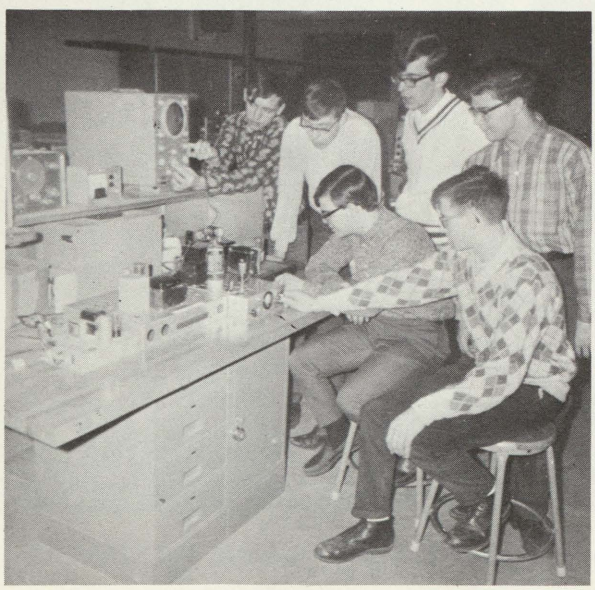
The club members were very active and held some very interesting meetings. They viewed slide shows furnished by Kodak and then had discussion sessions afterwards. The club also went on a field trip to the Saginaw News Photo Department, in addition to sponsoring a photo contest each month. These photo contests were open to all students in the school and the winning picture each month was published in the COURIER and the TOWNSHIP TIMES.

An Interest in Amateur Radio



RADIO CLUB--T. Thrasher, R. Jersevic, D. Drum, J. McIntosh, B. Borm, G. Frahm, J. Fisher, A. Kumm, D. Crosby, J. Sievert, Mr. Arcy.

Radio Club members, under the sponsorship of Mr. Arcy, were again able to take field trips to a radio and television station this year. The only requirement for membership is an interest in amateur radio. Students had the opportunity to work in the electronics lab, building their own equipment, and also to use the school's equipment. The club provided the eager with the opportunity to explore, experiment, and learn, and have fun doing it.



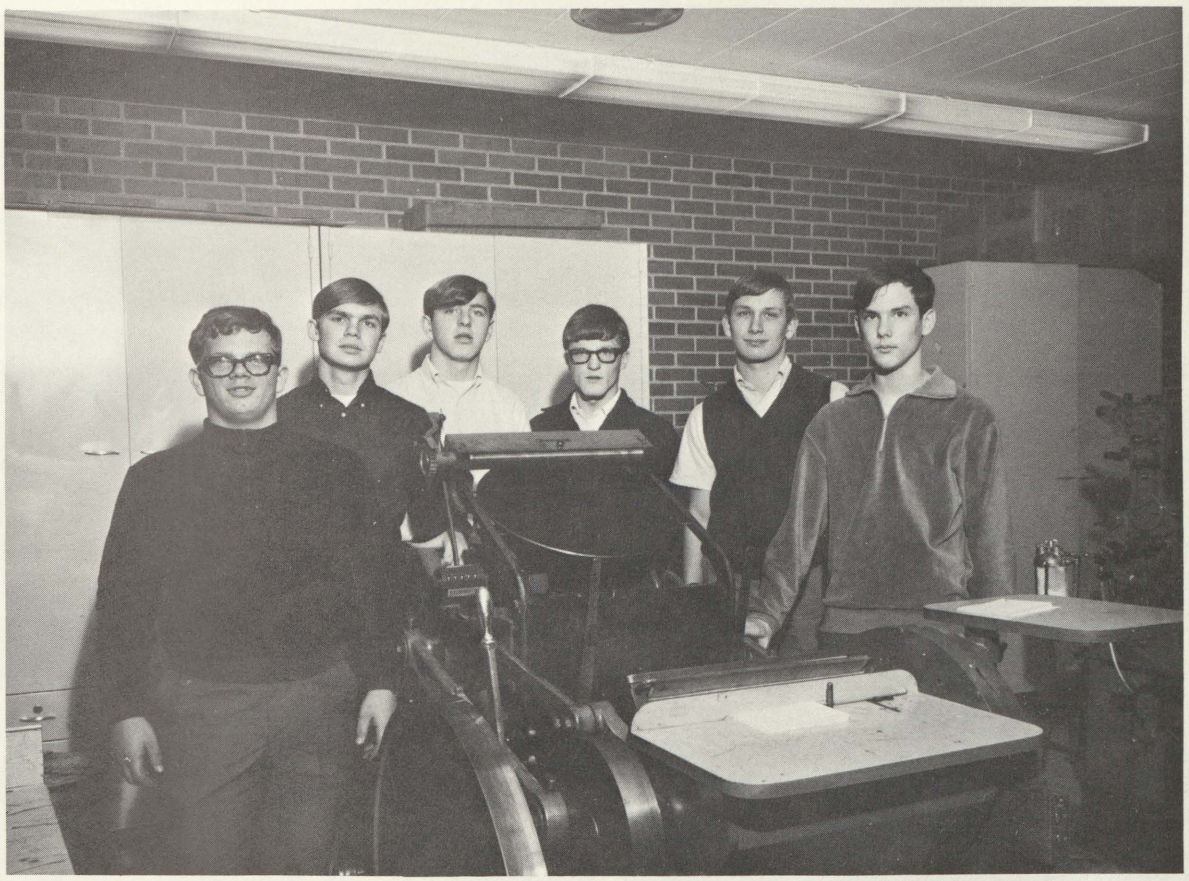
Looking with pride at homemade equipment are Gary Frahm, Rich Woodford, Gerald Fisher, Bill Borm, Paul Noble, and Randy Iamurri.

Bill Borm, typical ham operator, sends out the message, "Calling C.Q. C.Q. Hello Grand Marais, Minnesota. This is Michigan calling."

Mr. Bilby, Steve Gabor, Joe Janaski, and Larry Fisk look over the results of a run through the press.

Printing Club Serves Two Purposes

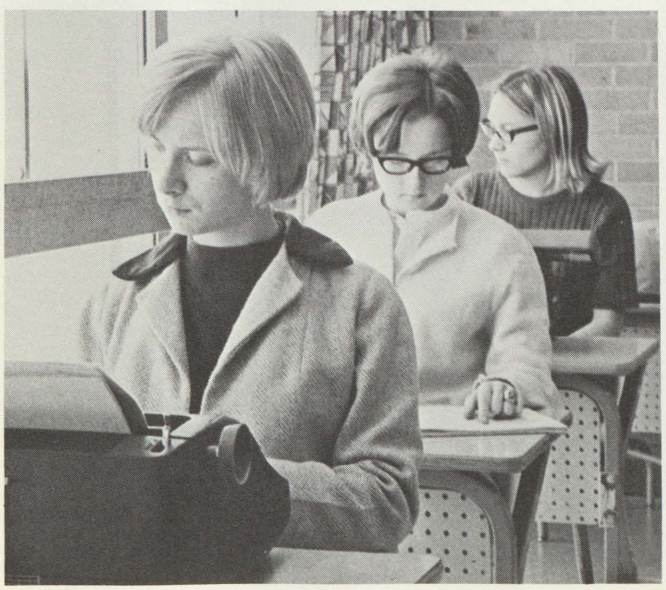
The Printing Club, sponsored again by Mr. Bilby, provided the school with printed material such as sports schedules and programs. By performing this service, the members furthered their knowledge of printing and the printing industry.



PRINTERS' CLUB--B. Henderson, S. Gabor, J. Patrizik, K. Wurtzel, J. Janaski, D. Welling.

Purpose Is to Promote Interest in

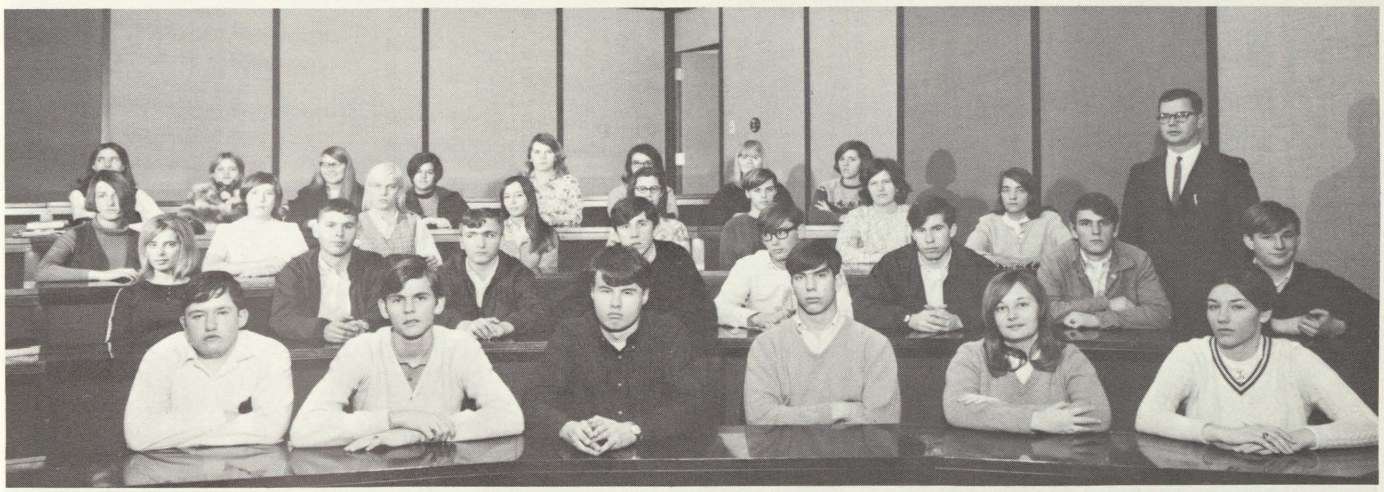
COOPERATIVE BUSINESS CLUB--FIRST ROW: J. Rohn, Treasurer; S. Price, President; B. Fahnanstiel, Sergeant-at-arms; M. Hall, Historian; C. Berkobien, Vice-President. SECOND ROW: K. Mahl, S. Mason, M. Kisser, E. Sherman, Secretary; C. Fox, Program Chairman; K. Simmons, K. Sural. THIRD ROW: C. Findlay, S. Gillane, L. Kennedy, Mrs. Miller.



Carol Berkobien, Barb Fahnanstiel, and Coleen Findlay worked hard to improve their office skills.

Interest ran high in this club, as can be seen by this picture of some very seriously intent girls.

Office and Distributive Occupations



DISTRIBUTIVE EDUCATION CO-OP CLUB--FIRST ROW: B. Edwards, J. LeMat, D. Zimmerman, M. Smith, V. Inman, L. Moffett. SECOND ROW: K. Smith, D. Johnson, L. Nachtweih, M. Blehm, A. Sherman, D. Pfau, D. King, P. Luczak, Mr. Fisk. THIRD ROW: S. Holden, B. Ranger, J. Meyer, L. Ruthenbeck, J. Weber, C. French, J. Propp, E. Malenfant. FOURTH ROW: S. Bedtelyon, S. Skrocki, K. Lytle, R. Loiacano, L. Clark, C. Eberlein, D. Johnson, L. Muttscheler.

The Cooperative Business Club had several basic purposes this year: to develop a cooperative attitude toward employers and fellow workers and among the members of this club, to promote interest in office occupations as a career, to encourage improvement in skills, techniques, and attitudes necessary to succeed in business, to develop and strengthen the confidence of the members in themselves and in their work in school and on the job, to encourage improved scholarship in all subjects, to develop the ability to lead and to participate in all group activities, to promote and encourage organized social activities among the members, and to promote and encourage leadership among the members.

The club's activities this year included two required monthly meetings, a Halloween party, a Christmas breakfast at Howard Johnson's, money-raising activities, an Easter project, and the Co-op and Employer Banquet which was held in the spring.

In order to be eligible to join this club, a student must be in office practice class, be on co-op, and be in good standing in both.

The Distributive Education Co-Op Club also had a Christmas breakfast at Howard Johnson's and attended the Co-op and Employer Banquet, which was a highly successful event.

The purpose of this club is to promote interest in distributive occupations as a career, and to develop and strengthen the confidence of the members in themselves and in their work in school and on the job. Requirements for joining this club are that a student must be in a co-op class and be working on a cooperative basis in the afternoon. The officers of the club are: Michael Smith, President; Cheryl French, Vice-President; Barbara Langer, Secretary; and David DeShone, Treasurer.

Meetings Have a Cabaret Atmosphere

ART CLUB--FIRST ROW: C. St. John, K. Furlo, M. Breitkreitz, M. Brennan, Treasurer; K. Lum, Secretary; A. Rephan, Vice-President; L. Willits, President; K. Spaulding, B. Sherman. SECOND ROW: A. Murphy, C. Wilber, L. Kisser, J. Ivey, S. Orr, M. Durham, J. Harmon, S. Kerrigan, J. Harman, K. Holtz, M. Lum. THIRD ROW: Mr. Sloan, C. Johnson, J. Perkins, R. Smith, M. Engler, J. Otto, D. Bottke, M. Mear, M. Koerner, M. Guerin.

A sincere interest in art is urged if you would like to be a member of the Art Club, sponsored by Mr. Sloan. Meetings and activities of the year included work on projects commissioned by the Drama Club. The Art Club constructed statuettes for the TEN LITTLE INDIANS and puppets for CARNIVAL. Profits from these commissions were placed in a fund for travel to Cranbrook and Chicago, and also for entertainment. Evening meetings are sometimes enhanced by guitars and/or records to create a basic "cabaret" atmosphere.

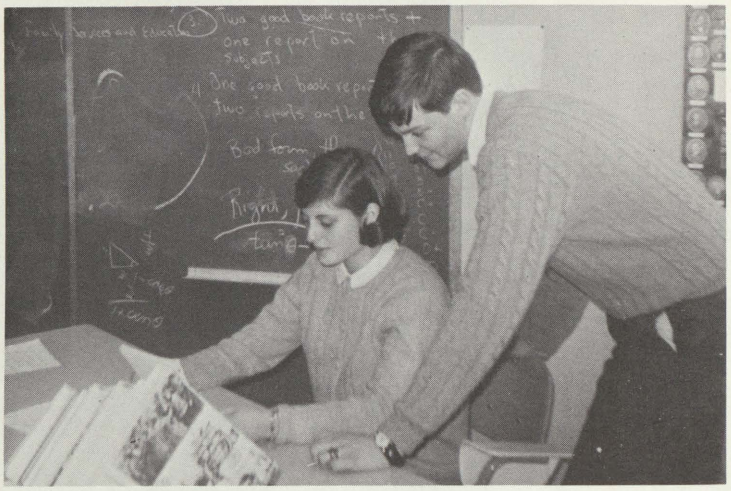
FUTURE SCIENTISTS--FIRST ROW: B. Ball, B. Kwater, M. Dubay, I. Block, N. Gekeler, B. Shaper, S. Sproull. SECOND ROW: B. Loeffler, C. Schoenheit, President J. Tiderington, N. Howell, B. Robinson, T. Beach, K. Wurtzel, Mr. Stoner.

Future Scientists Do Some Exploring

Members of this club explore science! This year they assembled and used a microscope for studying crystals by means of polarized light. The club, sponsored by Mr. Stoner, also took a field trip to Lufkin Rule Company in the early part of the year. They observed the manufacturing of measuring instruments varying from cloth tapes to precision micrometer calipers.

Debbie Keyser and Bill Loeffler examine a crystal under a light microscope which they constructed at a meeting of the Future Scientists.

Students Today -- Teachers Tomorrow



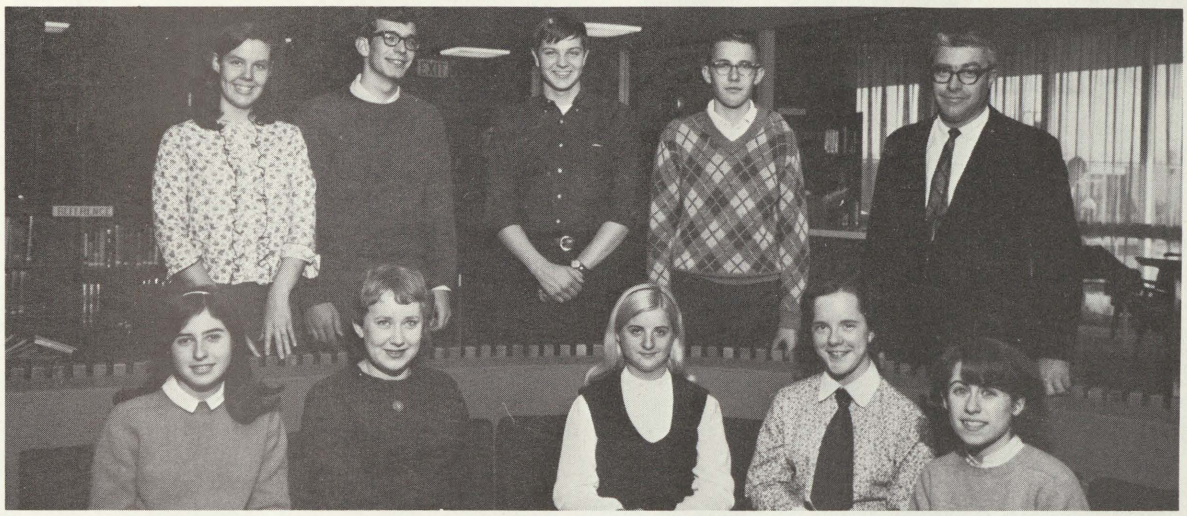
Secretary Nancy Gekeler and Presidet Wayne Balko plan the date for the meeting in March.

Are you a junior or senior? Do you have an interest in teaching someday? The club to join is the Future Teachers' Club.

Even though this club, sponsored by Mr. Wells, was organized in second semester, the members have visited some colleges, the first being Central. There were also several guest speakers at the club meetings.

FUTURE TEACHERS' CLUB--FIRST ROW: K. Murphy, D. Hare, D. Pincombe, N. Gekeler. SECOND ROW: Mr. Wells, S. Jacqmain, S. Miner, W. Balko, J. Pritzlaff, N. Schaper.

Cadet Teachers Have Opportunity to Decide



CADET TEACHERS--FIRST ROW: S. Katz, S. Miller, S. Noey, N. Schaper, C. Feldman. SECOND ROW: J. Faughnan, B. Borm, W. Balko, T. Thrasher, Mr. Spaulding.

Cadet Teachers, sponsored by Mr. Spaulding, is a club for seniors only. It provided students with an opportunity to decide whether teaching is the right career for them. In the past year members assisted teachers in the elementary, middle, and high schools, and were actually allowed to work with the children.

A Club Where Everyone Is a Leader

ASTROMONY CLUB--FIRST ROW: J. Henderson, J. Holodynsky, H. Ensminger, L. Eimis. SECOND ROW: G. Pokita, P. Noble, K. Lawrence, M. Keeler.

No president, vice-president, secretary, treasurer, or dues are needed by this club. The only requirement for membership is an interest in astronomy. Sponsored by Mr. Dietiker, the club visited Longway Planetarium and held evening observation periods during the year.

MEDICAL CAREERS CLUB--FIRST ROW: D. Hoff, J. Hawkins, C. Lapin. SECOND ROW: E. Baumann, S. Sackrider, C. Bluemlein, M. Blackney, Secretary-Treasurer; A. Alexander, B. Wallace, President; K. Dawson, S. Astikainen. THIRD ROW: A. Feinauer, J. Davis, L. London, C. Bielby, D. Walker, L. Bergersen, A. Marble, K. Kerrigan, M. Driscoll, J. Erickson.

Club Investigates Health Careers

The chief purpose of the Medical Careers Club is the investigation of health careers. The club planned films, speakers, and field trips to hospitals and encouraged participation in community projects such as the Red Cross, the Candy Striper Program, and volunteer work at other local hospitals.

An interest in, or desire to investigate, any health career is the main requirement for membership. The club sponsor was Mrs. Dietiker.

Largest Future Physicians Organization in the State

This MacArthur club is one of the ten school clubs participating in the largest Future Physicians Organizations in Michigan. A large write-up about it appeared in the MICHIGAN MEDICAL JOURNAL, the DETROIT FREE PRESS, and the SAGINAW NEWS. Dr. William G. Mason was the sponsor of this city-wide club.

The seniors in the club had the opportunity to spend a day with a cooperating local doctor. They were able to observe his daily routine, including house calls, office calls, hospital visits, and even an occasional visit to the morgue.

The entire club went to the University of Michigan Medical School in Ann Arbor to observe an artificial kidney machine in operation. While on field trips to various local hospitals, doctors applied casts, demonstrated cardiograms, and generally used willing club members as objects of practical demonstration.

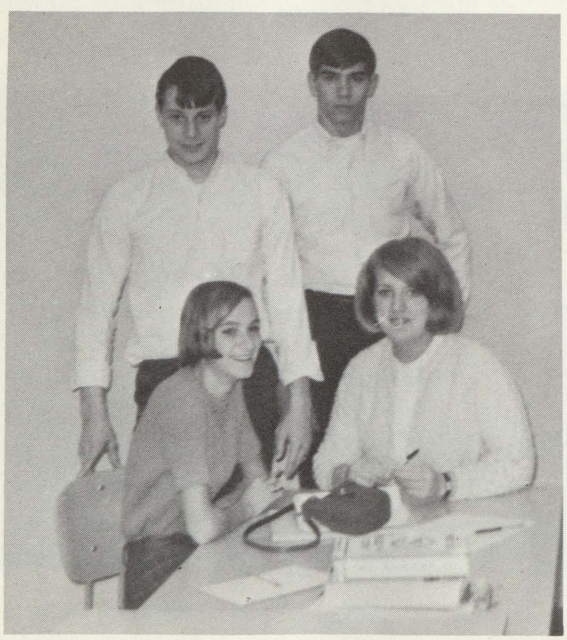
FUTURE PHYSICIANS CLUB--FIRST ROW: L. Marek, L. London, S. Fassezke, P. Wilson, D. Pluss. SECOND ROW: D. Hurley, R. Johnson, D. Shutt, D. Draper, C. Nancarrow, C. Iler, K. Dawson, M. Sarow. THIRD ROW: J. Linvill, J. Pritzlaff, M. McAdow, C. McAdow, K. Marek, C. Bielby, B. Rosenbaum, T. Mahaney. Not pictured: W. Keene.

The Herodotarians Help Members Maintain an Active Interest in History

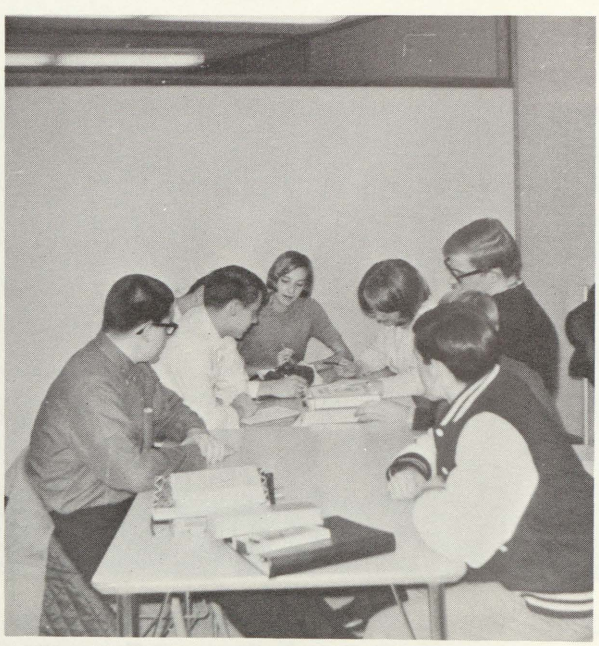
Late this year a new club was added to the growing list of MacArthur's extra-curricular activities. The HERODOTARIANS was formed to help the members maintain an active interest in history. The sponsors were Mrs. Shreve and Mr. Such.

The club had hopes of making excursions during the remaining portion of the school year to promote participation and increase the understanding of history.

Though this club was just forming, its hopes were high, and its future looks bright.



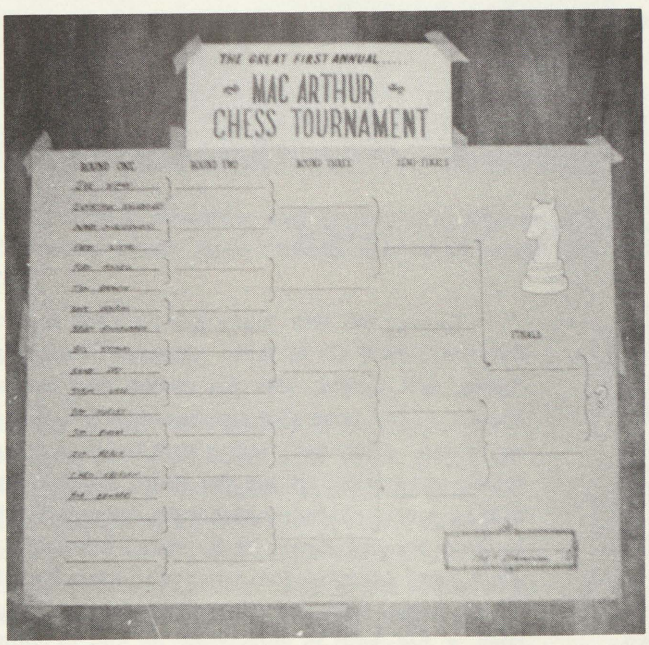
OFFICERS--Anne Alexander, Treasurer; Kaye Reeve, Secretary; Mike Lafferty, President; Dale Carlton, Vice-President.



The Constitution Committee includes: Dave Brennan, Mike Lafferty, Dale Carlton, Anne Alexander, Kaye Reeve, Lee Wierda, Mark Kabobel, and Greg Rollwagon.

CHESS CLUB--FIRST ROW: C. Eberlein, J. Piazza, B. Edwards, Mr. Sveom. SECOND ROW: J. Hickson, J. LeMatt.

Chess Anyone?



Posted in Mr. Matson's office, this bright yellow chart showed the progress of the first annual chess tournament.

This year the Chess Club sponsored a chess tournament. It involved and interested eighteen participants. The main objective of the club was to offer interested students an opportunity to further develop their chess skills. As last year, Mr. Sveom was club sponsor.

Practice Makes Perfect: Sea Nymphs' Formula for Success

Calling all girls! The Sea Nymphs, sponsored by Mrs. Black, presented their fifth annual water show this year. The theme portrayed the idea of a little girl growing up, from birth to grandmotherhood.

The first show had only twelve swimmers. They now have about thirty-five to forty girls swimming. At first anyone who wanted to could have a swimming part and now all but the seniors had to try out, except in the cast of senior solos, for which a try out was necessary. Next year, everyone will have to try out for the show. The swimmers know what they will be tested on about two months in advance, Mrs. Black said, so they can practice and learn things such as the synchronized stroke, front and back tucks, back dolphin, ballet leg, oyster, and many others, before the try outs.

During the five years this club has been functioning they have paid all of their expenses, including scenery, lights, and music, with the money they earned with the shows. They have also purchased a club design for a pin or charm. They have gotten spot lights, a record player, music especially cut for the show, black lights, and are getting more and more elaborate scenery, costumes, and lighting for the shows each year. Also, last year forty girls were taken to the Amerwood for a free dinner paid by the club. Mrs. Black also commented, "Parents have been a big help in supporting us and in helping us with needed materials. At the end of the year, we always try to leave a good balance in the treasury to start the next year's show."

with Fifth Annual Water Show !

Nancy Gekeler, Paula Wohlfeil, Connie Krebs, and Debbie Keyser performed the "Carousel Waltz" from the show CAROUSEL.

"Standing On The Corner", from MOST HAPPY FELLOW, was the number performed by Janet Mahaney, Sue Lassignal, Sue Davis, and Mimsy Draper.

Connie Krebs, Debbie Pieschke, and Paula Wohlfeil gracefully performed to "I Could Have Danced All Night" from MY FAIR LADY.

It takes about sixty to seventy people to put on a show. The girls who swim in the show work many, many hours on their numbers and costumes. They put in as much time as any athelete in any sport during the year.

"Broadway Afloat" was the title of last year's show. All musical numbers were taken from some Broadway show. Sometimes the performance was named after the song and sometimes after the show itself. Mr. Fitzgerald and Alan Mumby provided some of the comic relief with a not-so-synchronized swimming "duet." The finale was done to "Seventy-Six Trombones" from MUSIC MAN.

SOUTH PACIFIC was represented in the number called "Bali Ha'i"; the swimmers were Janice Brandt, Cheryl Weiss, Judy Gulliver, Kris Karlsen, and Mary Boling.

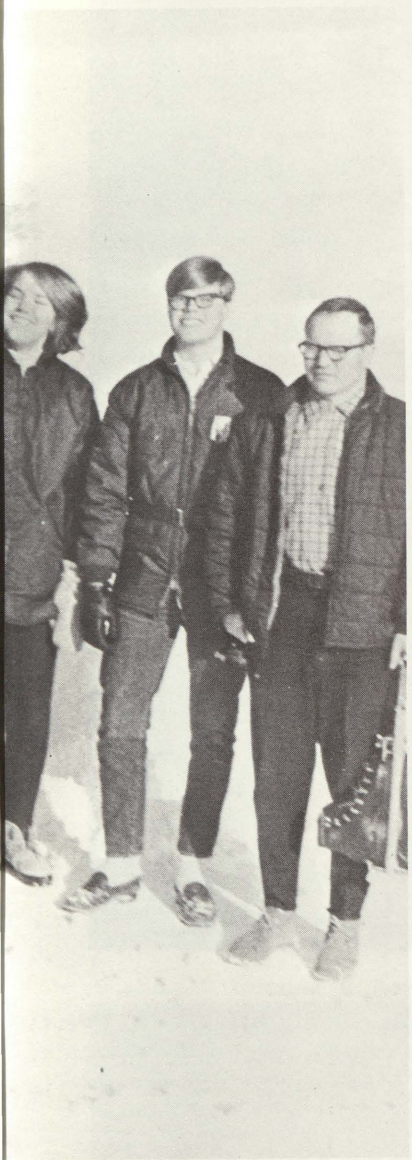
Ski Club Fostered Fun and

These ski-club members look like they've had a great time on the snow-covered slopes at Boyne Highlands.

Miss Bailey and Mr. Matson sponsored the MacArthur Ski Club this year. The club took a trip to Boyne Highlands and also skied at Bintz's Apple Mountain, each Wednesday that there was enough snow, from 4:00 to 9:00. Requirements for joining this club are an interest in skiing and parental permission.

On Saturday, February 11, the following skiers made the trip to Boyne Highlands: M. Billmier, K. Blair, S. Bluemlein, M. Brown, T. Burau, D. Bush, J. Chapman, K. Cotter, J. Courtright, C. Crosby, D. Cupp, S. Davis, T. Heitman, W. Karr, K. Derrigan, D. Hampton, C. McAdow, J. Mahaney, T. Maher, K. Miles, S. Miller, M. Mazany, M. Oferschmitt, C. Price, S. Schlitt, C. Schroder, P. Shockley, I. Skriveles, D. Spence, S. Sproull, N. Strong, P. Waier, J. Wallace, P. Ware, C. Watson. Miss Bailey, Miss Smith, Mr. Matson, and Mr. Ski also did some skiing on the trip. Many of these skiers are shown in the group picture above.

Improvement of Skiing Skills



Amid skis, ski poles, and fellow skiers, Miss Smith bravely prepares to conquer the slopes. Many hours of fun and excitement were enjoyed by club members on the trip, as the lure of the slopes was ever-tempting.

Warming up and socializing around the circular fireplace at Bintz's was part of being a skier too.

Whaley, F. Vilmar, D. Trombly, P. Baker, G. Eno, D. Baker, G. Schwartz. Director, Mr. Gomez.

A genuine interest in music of all types is necessary for membership in the Concert Choir. The choir, directed by Mr. Gomez, presented a joint Christmas Concert with the MacArthur orchestra. Concert Choir provided fun and enjoyment for all its members.

MacArthur Singers, also under Mr. Gomez's direction, performed extensively during the Christmas season. They held special performances at Chippewa, Saginaw Exchange Club, Newcomers' Club, Faculty Wives Christmas Party, and made two television appearances, one with other area choirs and one exclusively as a feature on W.K.N.X. The Girls' Glee Club performed at the Christmas Assembly, dressed in matching ensembles of delicate pastel colors.

A private audition, a reasonable ability to read music, and preferably a proficiency in some musical instrument are necessary for joining. The repertoire of the groups ranged from classical to Broadway to popular modern music.

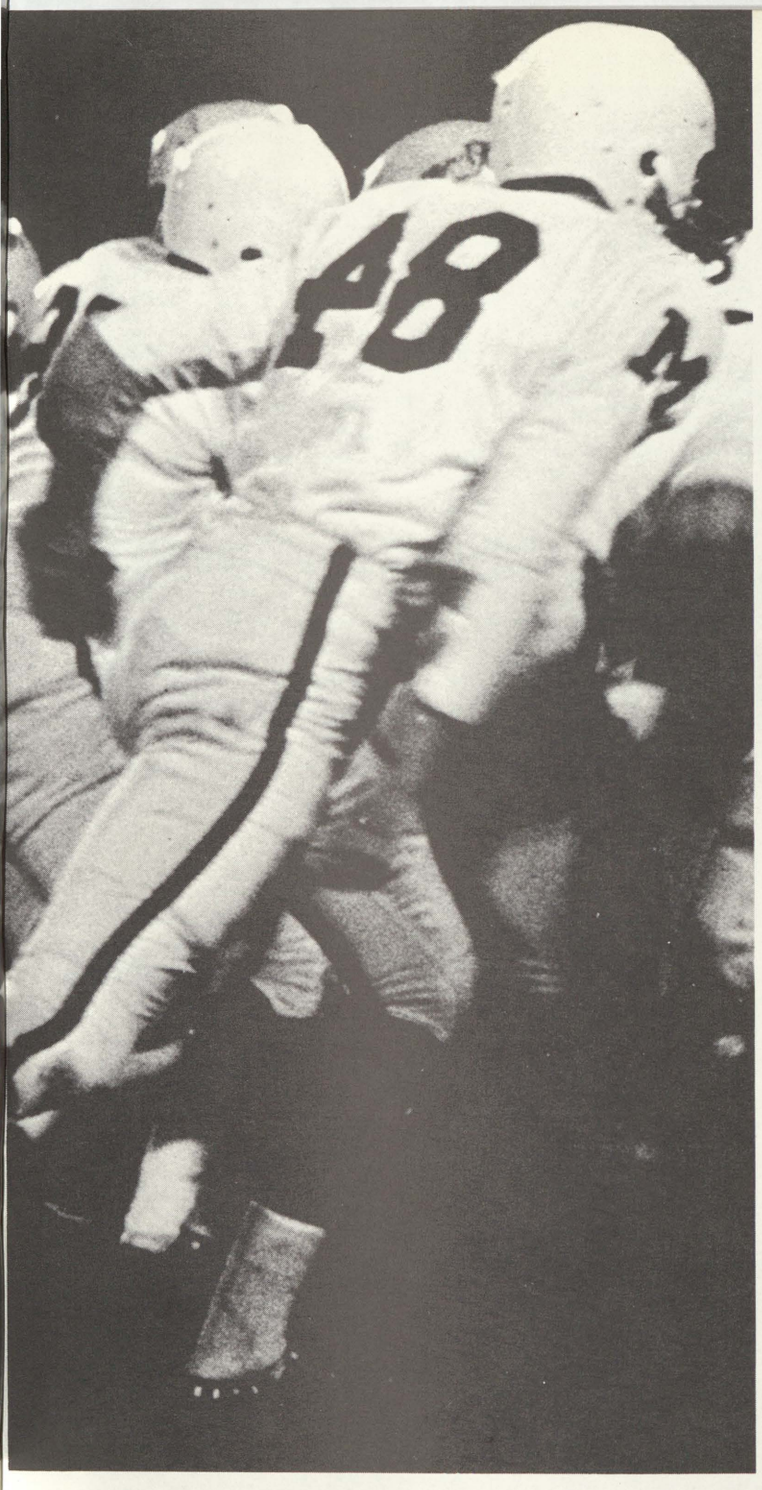
Football Generals Capture



MacArthur opened its season with a stunning 56-26 win over St. Andrews. This was the highest scoring game of the year for the Generals of Mighty Mac. Bay City Handy was the next victim of the Generals as we squeaked 20 to 19. Bridgeport was the first conference game which made our overall record 3-0 and our White Pine record 1-0. The next two opponents, Saginaw High and Arthur Hill of the Saginaw Valley Conference, soundly brought the team back to earth by defeating the Generals 27-6 and 63-13. Homecoming was a joyous and festive time as the Generals beat Cadillac 20-7 for their second White Pine Conference win with no defeats. MacArthur then stepped out of the league and was beaten by Midland 21-0, the only time the Generals were shut out all year.

The key conference game of the year followed in the snow bowl of Mount Pleasant. The Mighty Generals went into the game as underdogs, but came out with a 19-16 win which assured them of a share of the conference championship. The last game of the season was with Banger John Glenn, which fell to the Generals 26-0 and cinched the League Crown.

Six boys were picked on the All-Conference Team: Dan McDonald, offense and defense; Dennis Browning and Dick Weber, offense; and Randy Beadle, Mike Beechler, and Howard DuCharme, defense. Mike Heath and Tom Blower received honorable mention. Several other honors came to the team. The players who received All-Area Honorable Mention were: Ron Dashkovitz, Tom Blower, Randy Beadle, and Dennis Browning. Dick Weber received both All Area and All Metro Honorable Mention, and Dan McDonald received all Area, All Metro, and All State.

MacArthur's Harriers Finish

"T", the individual champion of the WPC, crosses the finish line for another victory.

The 1966 Cross-Country Team beat the following teams: Bridgeport, John Glenn, Buena Vista, and Owosso (twice). They lost to: Arthur Hill, Bay City Handy, Mt. Pleasant, and St. Charles (twice). The Harriers finished third in the conference.

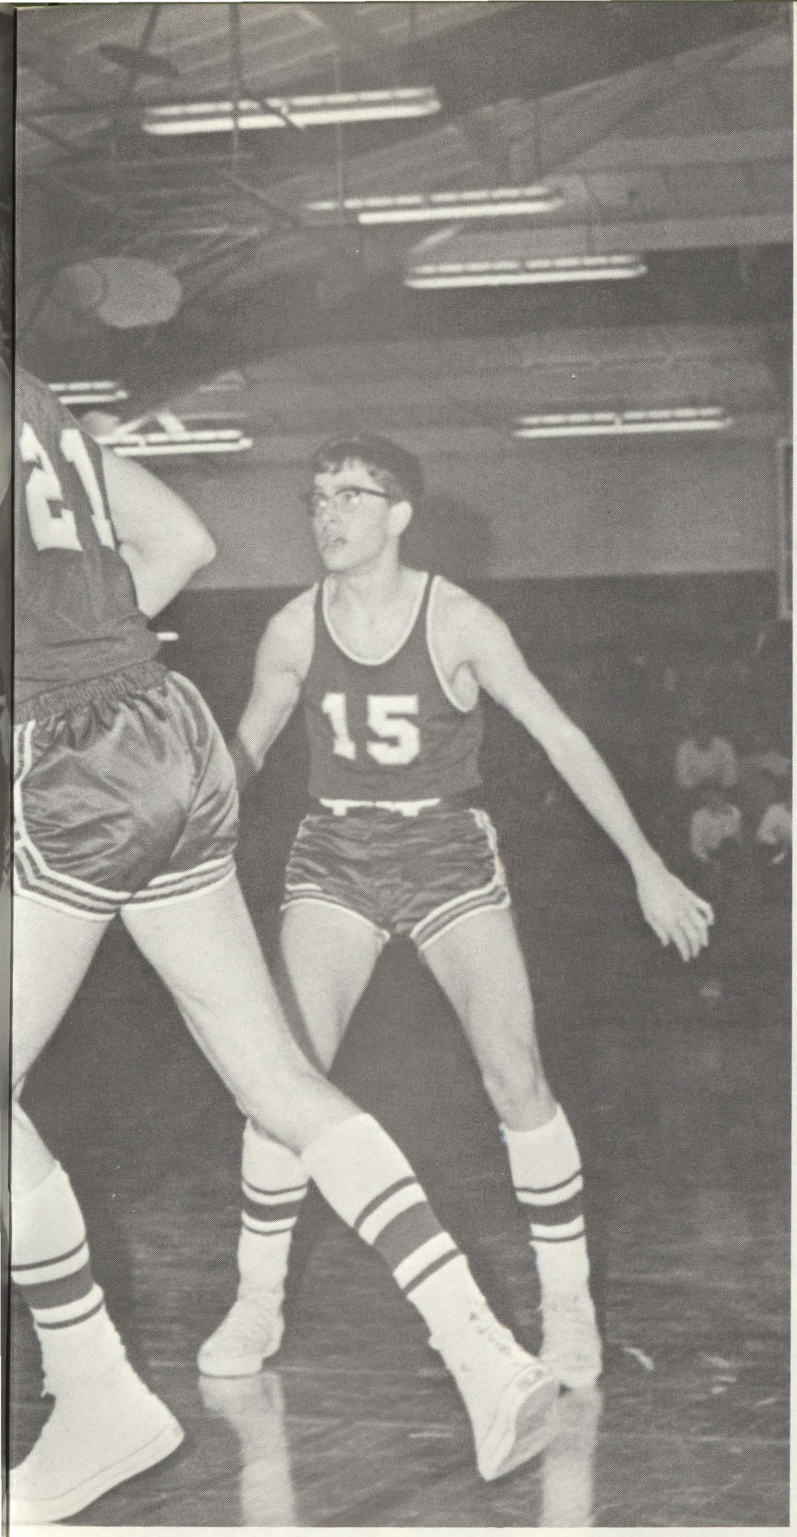
"Hoop Team" Finish



with 4-6 WPC Record

The Generals compiled a four-thirteen record for the 1966-67 season, with inexperience proving to be a major handicap. Only three lettermen returned from last year's varsity, giving many juniors valuable game experience this year, which should make a good foundation for next year's team.

Rick Beadle was voted "most improved player" on the team, while leading scorer, Dennis Hillman, was voted "most valuable player" and "honorary captain", also earning his place on the WPC "all-conference" second team. Dale Carlton, Bruce Courtright, Rick Lutenski, and Dave Clunie received "honorable mention."

In his first year as head basketball coach here, Mr. Lyle McAuley had a tough job, preparing his young squad for WPC and non-conference competition. The spirit of the team was good, and the boys worked very hard finishing with a four-six conference record. The team rated fourth in league play.

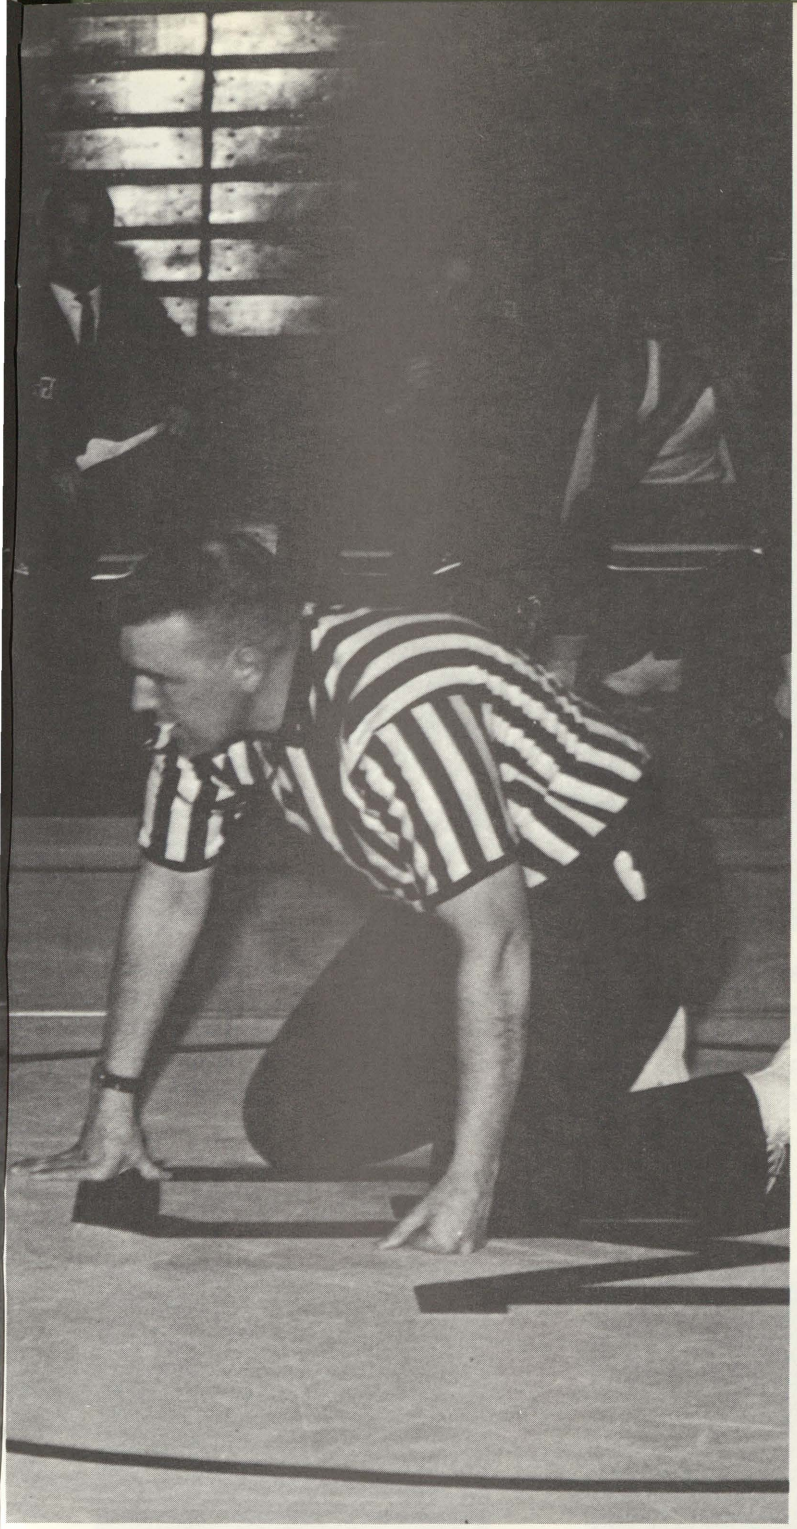
D.M.H.S. Wrestlers Finish with



The "Wrestling Generals" of MacArthur climaxed an undefeated dual-meet season by placing eleven boys in the finals of the conference tournament and coming out with eight championships. The twelve dual-meet wins, coupled with ten from the previous season, gave the wrestlers twenty-two wins in a row.

The varsity pinned 116 opponents throughout the season while being pinned only seventeen times.

Freshmen Walley Geidans and Junior Dennis Browning both finished fourth in the regionals and the team finished ninth out of seventeen teams.

Dennis Browning set two varsity records: nineteen dual-meets wins in a row and eight pins in a row.

This was the first year of White Pine competition and the Generals brought home the championship.

Defeat of the Year

The Generals swam to a fine 14-1 mark for the dual season.

Five S.V.L. foes fell to the Generals including Arthur Hill by a 57-48 count. Their only loss was to Grand Blanc 56-49. While reeling off a 14-1 record, eight boys qualified for seven different events in the State Swimming Meet in East Lansing.

Cheerleaders Hard at Work

The MacArthur cheerleading squad, which consists of of three teams of smiling, enthusiastic girls, cheers the football and basketball teams on to a victory each year.

They practice twice a week, working for pep and coordination and presenting new yells to the crowd. Each summer at least one squad attends Camp-All-American in Pontiac for a week. Then during the school year, the squads visit various cheerleading clinics.

Added to their spirit this year where pom-pons and megaphones. Pep rallies are another one of their many activities to lead the Douglas MacArthur student body into a White Pine Conference championship.

Activities Include Girls'

The race is on! Throughout the year many events have taken place that all of us can remember, including the expressions, reactions, and feelings that were part of the activities. Thoughts of the girls' football game, the wild and muddy Turkey Trot Race, the formal and sedate Queen's Assembly, the multi-colored dance decorations, the Big Green Berd, and spirited teachers playing basketball bring back many of those happy moments.

1966 Homecoming Celebrated with Victory

Patti Powers Picked to Reign As Queen

With the arrival of the fall football season came the splendor and the pageantry of Homecoming Weekend. For MacArthur's third Homecoming, Patti Powers was picked to reign as queen. Queen Patti provided in a royal fashion and will long be remembered as our queen. Her attendants were Margo Dubay and Debbie Pieschke. The court included Pamela Druary, Marsha Garber, Susie Garber, and Marilyn Gustin.

Perhaps in the years to come some of the preliminary activities will be forgotten--the balloting, the assembly at which the nominees were interviewed, or even the election day itself--but the Queen and her royal Court will be remembered forever in the minds of those of us who were there.

The girls were first introduced at the Queen's Assembly. Patti was in the traditional white, while members of her court wore matching ensembles of mint green and emerald green. Patti carried red roses while each of the other girls had as their flowers large, white mums. Each girl was escorted by a senior boy. Master of Ceremonies Dennis Grimaldi presented the girls with an engraved charm, a gift from the student body.

The climax of the girls' reign was during the half-time ceremony at the Homecoming Game with Cadillac. Each girl was escorted onto the football field by her father while the band played. Queen Patti was crowned by Mr. Huyghe and presented with an autographed football as a tribute to her from the fighting Generals. The football team won the game to further brighten the spirits of everyone.

The Queen's Reception was following the game with the theme of "Follow the Yellow Brick Road."

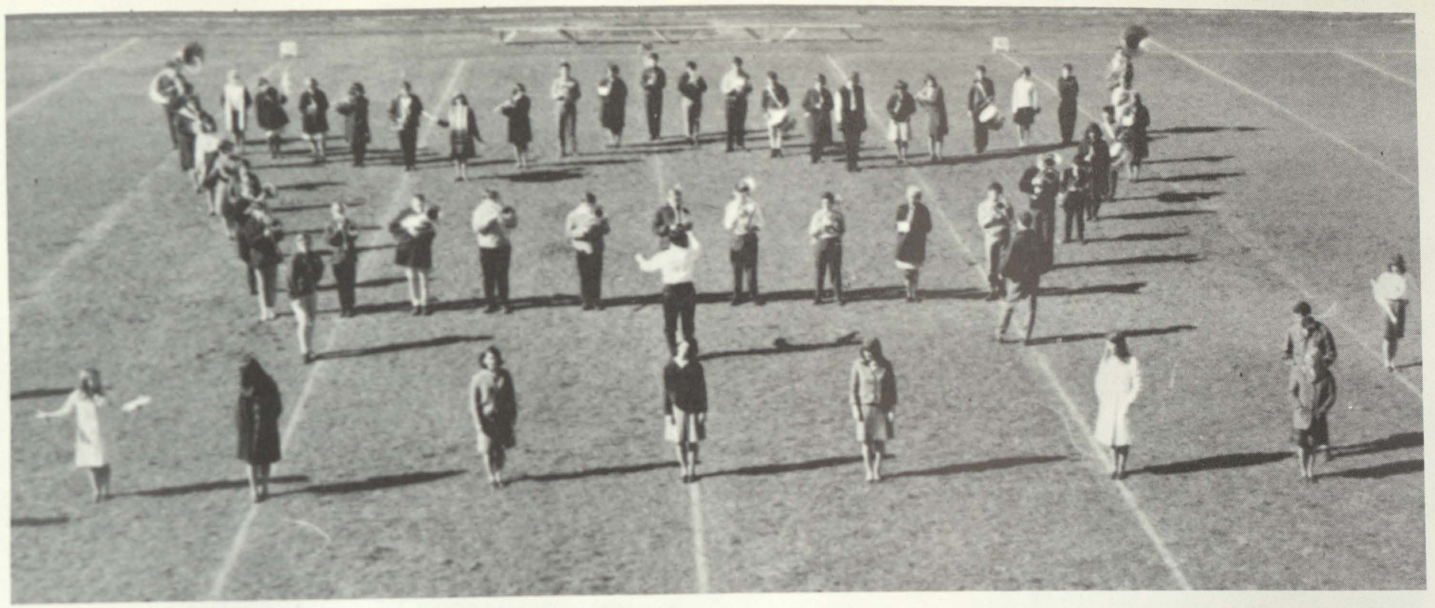
Sixteen girls were chosen to be candidates: K. Longwell, T. Hinkin, D. Hanson, C. Bedtelyon, A. Marxhausen, D. Pieschke, P. Drury, M. Garber, S. Garber, S. Blair, M. Dubay, M. Gustin, N. Lassignal, S. Stenglein, P. Powers. Not pictured: S. Price.

Mr. Miller helped Patti out of her car as her father waited to escort her to the crowning ceremony.

Bob, Dan, Bob, and Kirk wait for the cues in the double, back-to-back, assembly.

Patti and Dan look excited and happy, but not nervous.

THE QUEEN'S COURT--Marsha Garber, Marilyn Gusten, Margo Dubay, Queen Patti Powers, Debbie Pieschke, Pam Drury, and Susie Garber.



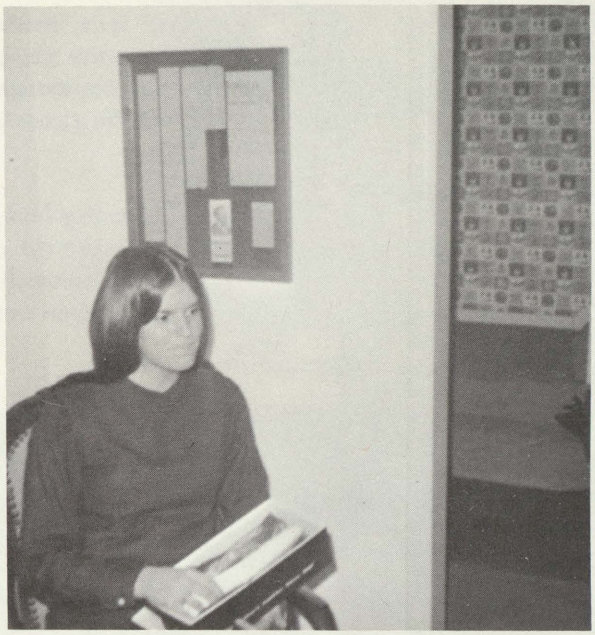
Practice Makes Perfect!

It took a lot of work to prepare for a half-time Homecoming performance. Many hours of class time for learning the music plus time for practicing the marching maneuvers on the field was needed. In addition, there was the practice with the queen and court.

In the above picture, the band is forming a crown for Patti Powers as part of the show. The formation was used when the girls were presented to the crowd by their fathers. The bottom picture is the "M" for MacArthur which was formed during the General's "Fight" song. Among the other half-time numbers were "Ain't She Sweet", which was done to a marching routine; the "Military Escort", which was played as the girls were escorted onto the field; and the last song was "You Were Meant For Me."

Small Details Fill in the Picture

Many nerves get frayed smoothing out small but important details of organization. Here, Mr. Doane might have said, "Quit complaining, I never made queen either!"

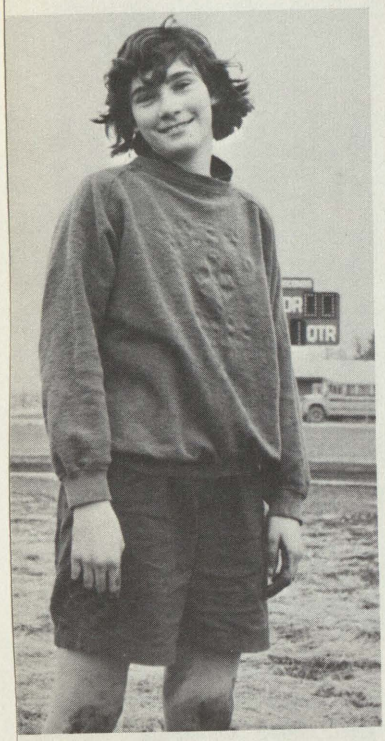


The girls had to deal with many small details. They had to agree on the type and color of the outfit their group was to wear. Marilyn is shown wondering, "Can we get the shoes dyed in time?"

Many pleasant details accompany Homecoming too, such as the white mums that were given to Mrs. Powers by the Student Council. Here, Marsha and Susie agree that to "Say it with flowers" is the best way to say it.

Debbie, Margo, and Patti discover that even after it's all over, there is STILL the excitement of reading about it in the next day's newspaper.

Molly Wins Again and



Molly shows victory with a smile.

Another year, another turkey, seems to be Molly McDonald's slogan! Molly, along with Frank Yerden, were winners in the annual Turkey Trot. The race, which consisted of greased ropes to swing on, swinging tires to crawl through, hurdles to jump, and about a mile of running, proved to be a good but tiring race. Frank, decked out in his striped shorts, looked a lot like his turkey.

MacArthur Pep Club, another lucky winner, had their float decorated like the turkey with a bunch of "Indians" riding on the float. We were reminded of the Pilgrims.

One of the most exciting parts of the event was when all the winners had to catch their own turkey. Many minutes were spent on the ground as a result of flying jumps that missed their mark.

Frank sets the pace!

What a stumble in a race like this!

Gets Another Turkey

In the football game between the junior and senior girls, the junior girls were the winners. The captains of the teams were Bev Handren and Nancy O'Connor for the seniors and Kathy Triant and Cindy Iler for the juniors. Each team was coached by junior or senior boys. The game showed the boys that girls are tough at sports too.

To entertain the cheering fans, a few senior boys acted as cheerleaders, and proved to be a hilarious half-time show.

Three Bands Play

What better theme could there be for a St. Valentine's Dance than Cupid's Conspiracy! With three bands, The Big Green Berd, The 7th Avenue Aviators, and The Motivators, playing all night, there was not a dull moment. To top off the bands, two go-go girls, Chris Nancarrow and Debbie Pieschke, shook it up on top of two tables.

The money from the dance was used for a school in Tanzania, South Africa, which the Student Council is helping to build.

The decorations carried out the theme through hearts and red crepe paper streamers. The atmosphere was warm and relaxed and a great time was had by all.

Parents Vs. Teen-Agers

What started out to be a novel experiment, having a combined community affair dance for teen-agers and their parents, proved to be a success that will no doubt be repeated in the future.

The teen-agers chose as their theme "A Red Rubber Candy Apple" and the parents' ingenuity turned the gym entrance into a huge red apple. The theme was carried out with huge red helium-filled balloons that were attached to blocks to keep them anchored. Red crepe paper lowered the ceiling over the dance area. Two swinging bands, "The Motivators" and the "The Woolies", kept the teen-agers and one or two braver parents keeping time to the beat of the music.

The teen-agers decorated the kiva for the parents in a maypole theme. They stretched multi-colored crepe paper to the edges of the dance floor from a central pole that was covered with colored balloons and crepe paper streamers. A three-piece combo played waltzes, fox trots, and an occasional rumba. Some of the teen-agers visited this dance and showed that they were familiar with this type of dancing and music too.

Midway through the evening, Donna Harshman, introduced by Mr. Gomez, sang several songs from CARNIVAL, the musical comedy that the school presented in March.

The idea of the party was to bring together socially the high school students and their parents. Those who attended agreed that a good time was had by all!

Faculty Generals Win and Lose

In February, the faculties of Mackinaw and Chippewa invaded the MacArthur gym and played two of the most exciting games of the season. Half of MacArthur's faculty defeated the Mackinaw Bulldogs in the first game. It was a good team effort with the shooting and rebounding of "Mighty McAuly" and "Trip-Stumble - and fall - Stahl" leading the way. The other half of the faculty played a fine game too, but they couldn't handle the upset-minded Chippewa Indians.

The Generals pause to reorganize their forces.

Mr. Stahl anxiously looks for a rebound.

His Goal -- to Provide The Best Education Possible

In his demanding job as the principal of Douglas MacArthur, Mr. Huyghe has devoted himself to helping us in any possible way. His absorbing interest in our student body, his leadership, his wisdom, and his sincerity have made him well liked and highly respected.

"Our graduates tell us they are well prepared to meet the challenges of the academic, business, and industrial world.

"The goals of our teachers and administrators are to continue to add to our curriculum and to use the most suitable instructional techniques available to provide the best education possible for each student.

"We all must face the problems of over-crowded conditions and re-evaluation with the knowledge that standards cannot be lowered and that self-discipline and good citizenship are necessary.'

Oscar B. Huyghe

Mr. Huyghe shows a friendly interest in students and their activities.

Mr. Doane Assumes Assistant Principal's Responsibilities

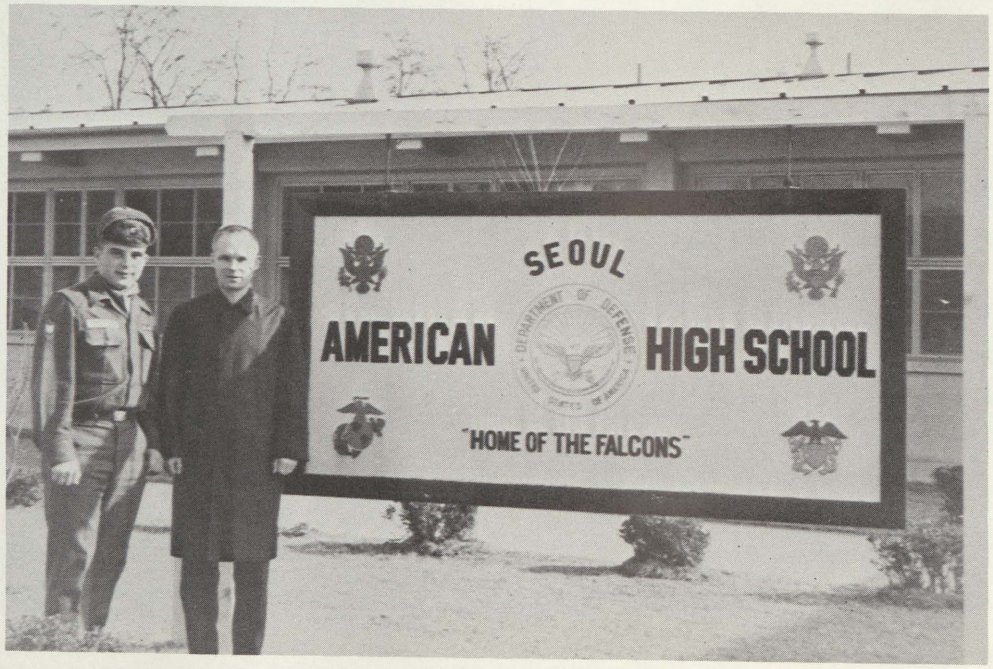
A familiar face, but in a new position as Assistant Principal, is Mr. Douglas Doane.

Early this year Mr. Douglas Doane became Assistant Principal of our school. He was formerly a guidance counselor having been here four years. Mr. Doane is now attending graduate school at Michigan State.

During the few months in his new position, he has succeeded at his difficult task of helping to run the school smoothly and easing the heavy work load of our principal. His humorous and warm personality have won him countless friends throughout our campus.

Max Matson Accepts New Position in Korea

Mr. Max Matson, our former Assistant Principal, is now the principal of an American High School in Seoul, Korea. He left us after having been here for six years. We will long remember his constant aid to our student body, his endless services, and the friendly air that always surrounded him. We know he and his family will find their services in Korea very rewarding. And we, both students and teachers, are proud to state that he came from our school.



James W. Bosch and Mr. Max Matson in Korea.

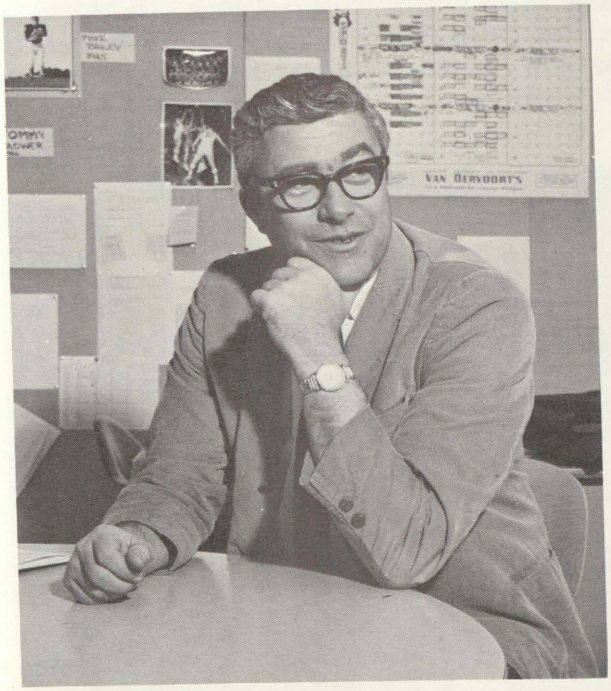
"Ask me if I'm proud!"

"Secretaries make life so easy," says Mr. Matson.

House Co-Ordinators Work Hard to Keep Pace with Students

Beyond the walls of the Centers Building, two men busily supervise separate parts of our school. These are the house co-ordinators, Mr. William Matson in East Hall and Mr. Russell Spaulding in West Hall and Electives.

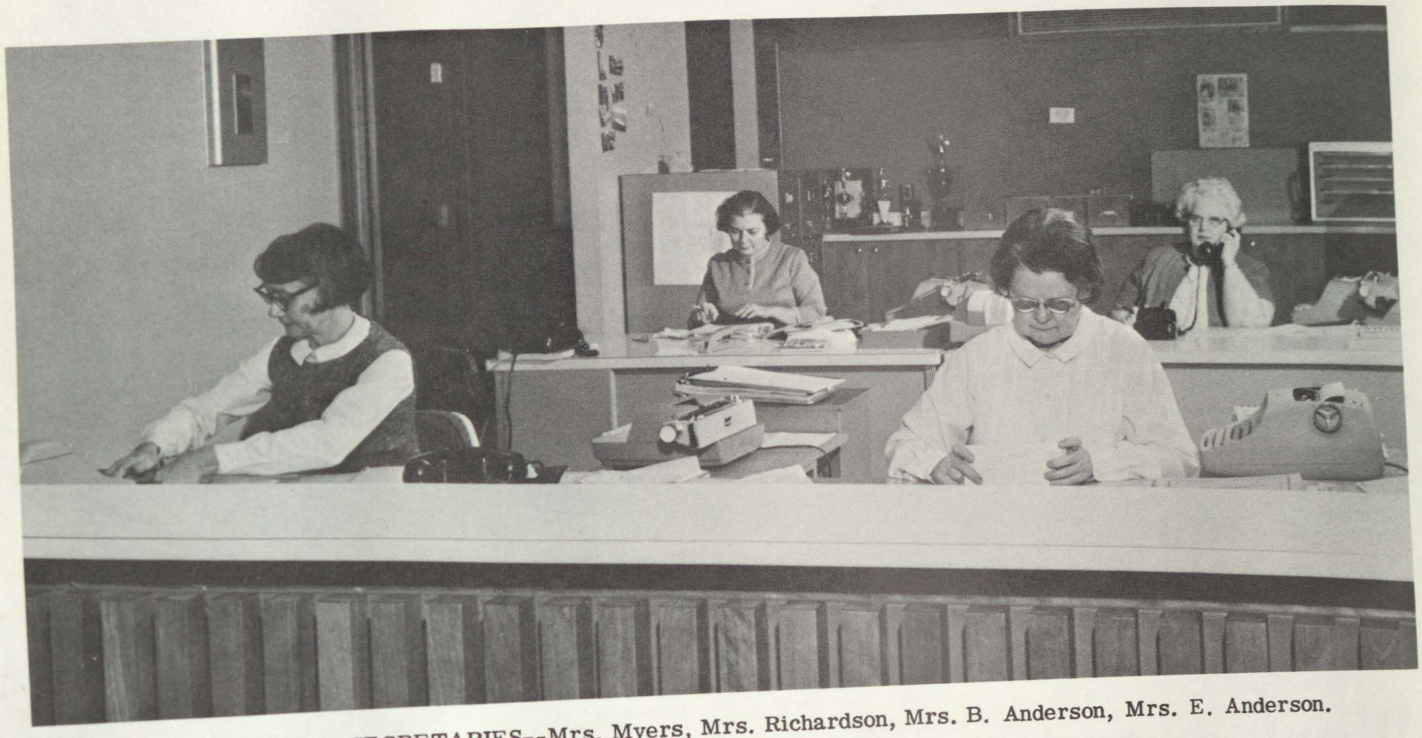
Even though they are kept continually busy with parents, students, teachers, textbooks, lockers, and disciplining, they are always willing to lend a helping hand or to guide us in the right direction, in an understanding way. They, too, are our leaders.



"This would be a nice place to work if it weren't for the kids," jokes Mr. Spaulding.

"Which way did they go?"

Secretaries Combine Efforts



CENTER OFFICE SECRETARIES--Mrs. Myers, Mrs. Richardson, Mrs. B. Anderson, Mrs. E. Anderson.

The center-office secretarial staff this year consists of the veteran, Mrs. Eleanor Anderson, and three new members.

All the secretaries, in addition to being cheerful, friendly, and helpful to teachers, parents, and students, answer phones, take care of the front counter, and combine efforts in general to keep MacArthur running smoothly.

They all have special individual responsibilities. Mrs. Eleanor Anderson is Mr. Huyghe's secretary and also handles the staff payroll duties. Mrs. Barbara Anderson orders supplies and puts out the daily bulletin. Mrs. Eileen Myers is receptionist and takes care of internal accounts. Mrs. Blanche Richardson is also receptionist. She sorts the mail and is in charge of child accounting.

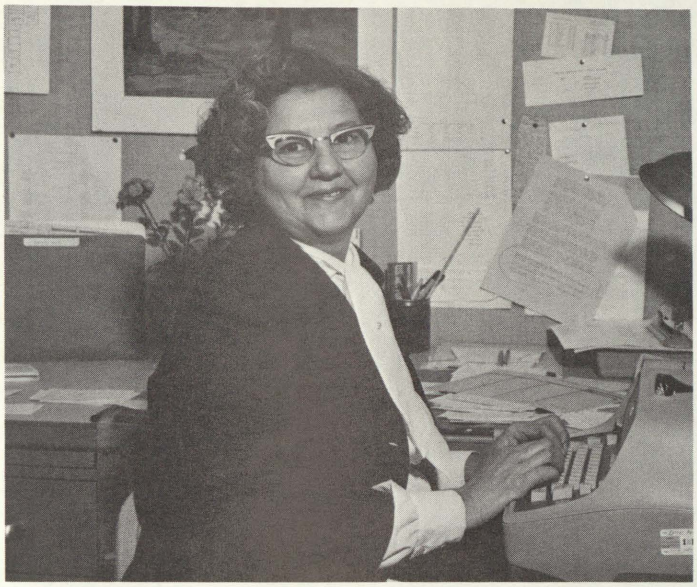
to Keep School Rolling



Mrs. Christine Fry - Guidance Department

Mrs. Mary Heasty - East Hall

Mrs. Fry, secretary to the Guidance Department, is the heart of that department. In addition to answering phones and helping students check out college catalogues or make appointments, she keeps the counselors supplied with all new materials such as scholarship forms, catalogues, and application information. Her primary duties center around processing and preparing all college applications that seniors turn in during the year. Mrs. Fry also posts the permanent records.

Answering myriad questions, phoning homes of sick or absent students, preparing the daily absence lists, dealing with various phases of class attendance, and generally holding down the fort in East and West Halls are all part of the everyday job of Mrs. Heasty and Mrs. Doran. Teachers and students, as well as Mr. Matson and Mr. Spaulding, are helped by these busy and cheerful ladies.

Mrs. Kathleen Insco, Registered Nurse from the Saginaw County Health Department, serves as MacArthur's nurse. She gives health tests and keeps health records, in addition to assisting students that do not feel well while at school.

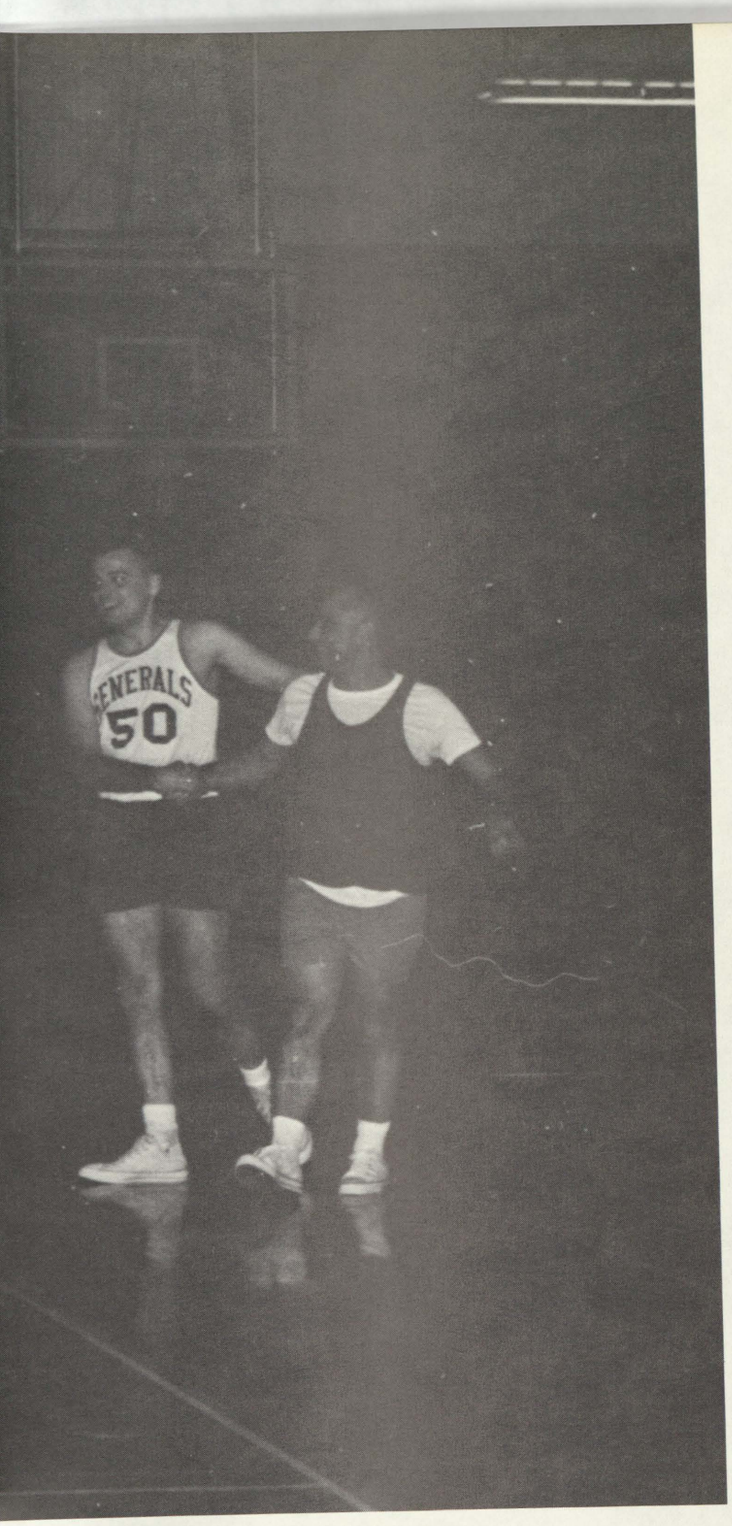
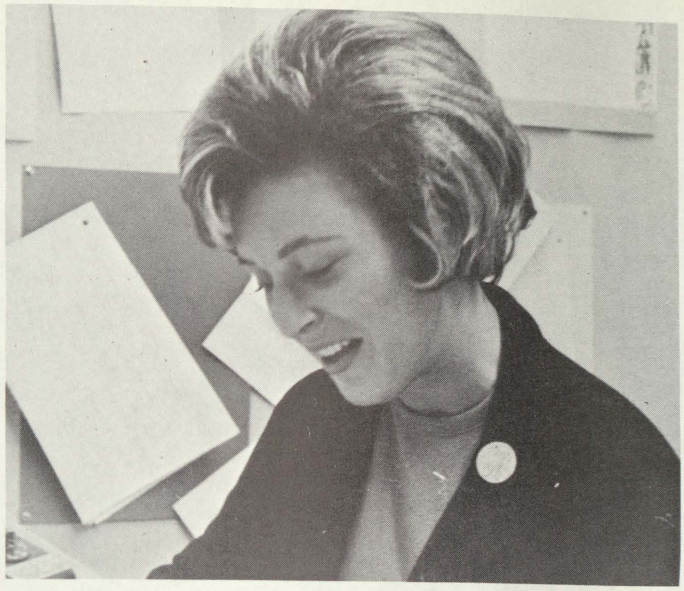
The Faculty Basketball Game Shows



We remember the teachers as being our friends and good sports. The Faculty Basketball Game and Faculty Assembly, as well as classroom relationships, bring this back to mind. We also remember them as being our leaders, giving of their interest, knowledge, and patience to guide us along the path to success.

Again That Faculty Has School Spirit!

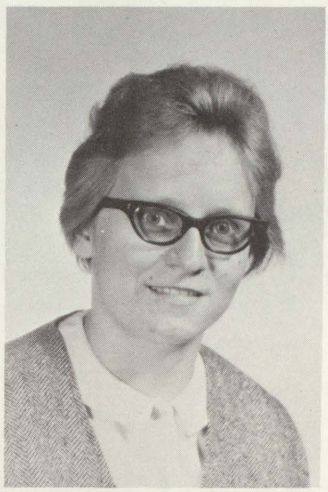
MRS. ANNE DIETIKER--Mrs. Dietiker is a counselor, teaches group guidance, and sponsors the Medical Careers Club. Her ambition is to tour Europe and record the opinions and problems of young people in different countries.



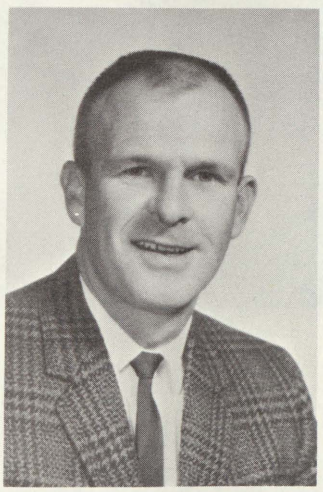
MRS. EVELYN SURFUS--Coming from River Rouge, Michigan, Mrs. Surfus is a counselor and group-guidance teacher. She also enjoys swimming and shopping, and is serving as the Senior Class sponsor. She has no children, but Sandy, a Cockpoo, and Louie, an apricot poodle, take up most of her time.

Pupils Profit by Counselors' Advice and Patience.

MR. RICHARD WIRTZ--Mr. Wirtz is from Freeland, Michigan, and is a graduate of C.M.U. As one of our counselors, he handles one-half of the eleventh grade and about seventy freshmen.



MISS VIRGINIA BRIGGS--Miss Briggs attended Central Michigan University. She teaches math and feels that MacArthur is just "great." Miss Briggs has been teaching group guidance classes also.



MR. JOSEPH MIKOLAJCZAK--Mr. Mikolajczak is the proud father of two boys. A graduate of C.M.U., he is originally from Bay City. This is his fourth year here and he is delighted with his work.

From the day we enter MacArthur as confused freshmen until the day we leave as hopeful seniors, our counselors play an important role in our school life. Each counselor starts out with a freshman group guidance class and advises these students through their four years at MacArthur.

The counselors do everything from helping freshmen figure out schedules to aiding seniors select the college that would best suit their individual needs. Things are never quiet in the counselors' offices and a counselor's work is never done!

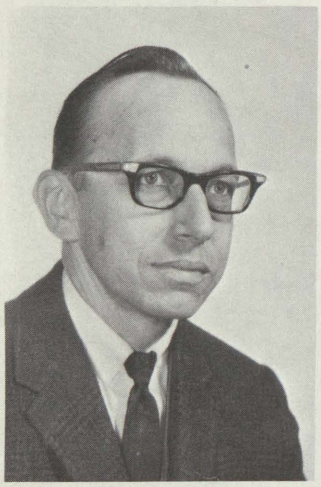
MR. TERRY BROWN--Mr. Brown is originally from Bay City and a graduate of C.M.U. This is his first year at MacArthur, following a three-year span as the counselor at Mackinaw Middle. He enjoys swimming and recreation, and he acts as the Township Recreation Director. He is shown with Gloria Borjas.

MR. STUART SEELEY--Mr. Seeley teaches group guidance and is an eleventh-grade counselor. His hometown is Roslyn Long Island, New York. He enjoys amateur radio, camping, traveling around the U.S. and Canada, and plans to take courses in psychology in the near future. He is pictured with his ham radio.

Art Stresses Creativity As Well As Skills

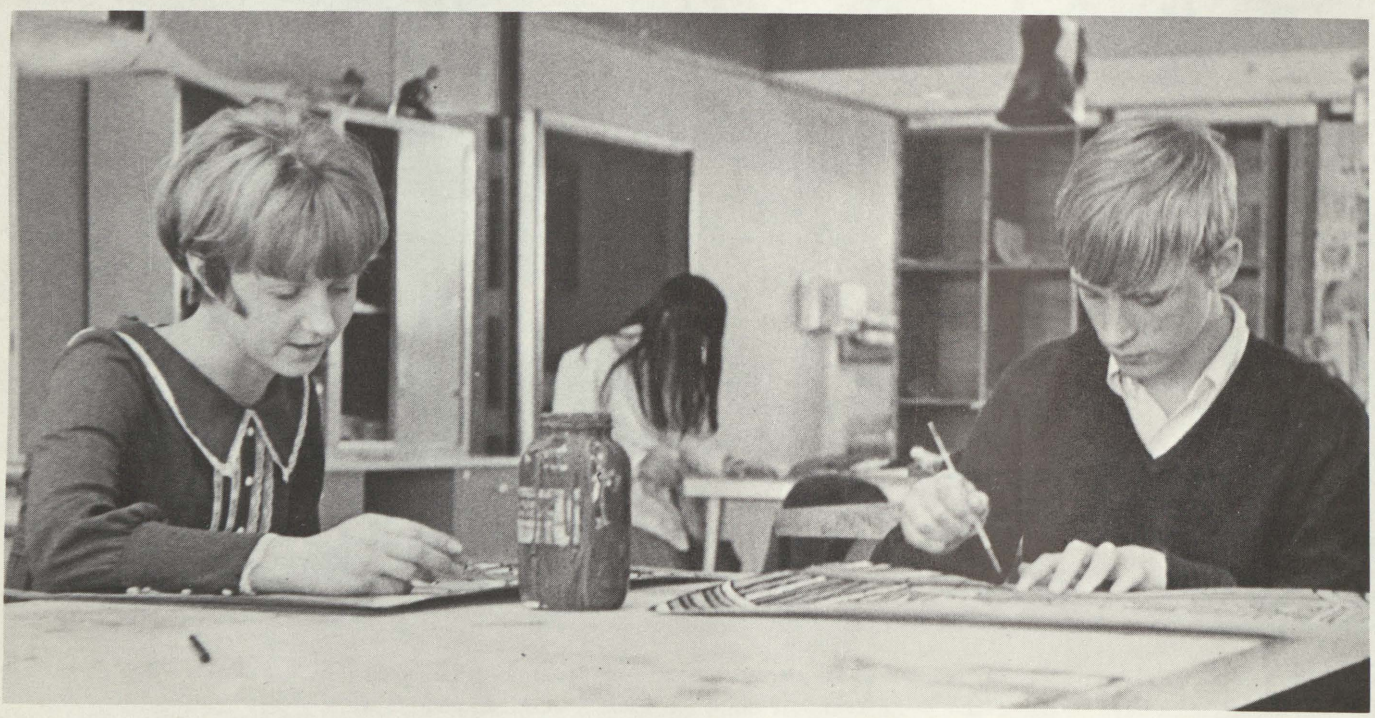
Art is a creation. Art is beauty. Art adds substance to living. Where would we be without it? Art is a necessary subject and an exciting one too. Art is daily life. Students become more aware of beauty where they had not noticed it before. Art history is taught and is the foundation for art and the appreciation of well-known art works.

Painting, drawing, wood carving, and just plain piecing together, learning what goes well together and what does not, are all part of art class. The concepts of color, line, and space are also necessary tools. By educating students in the fundamentals of art, they won't be as likely to take the meaning and importance of art for granted.



MR. GEORGE SAUCIER-- A graduate of the U. of Southern California, Mr. Saucier teaches art, including painting, pottery, jewelry, and crafts. His avocations center around antiques, painting, and his family.

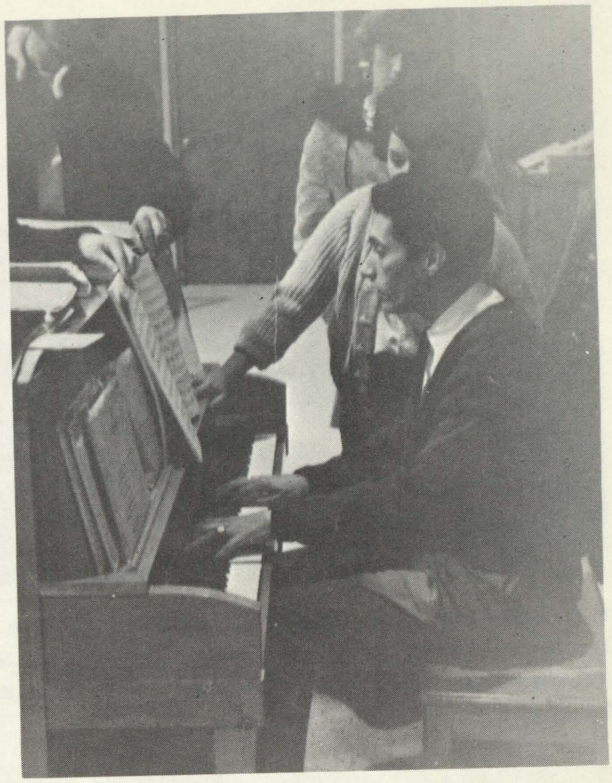
MR. JAMES SLOAN, JR.--Mr. Sloan was born in Galva, Ill. and attended Iowa Western College. He teaches art and enjoys skiing, go-carting, and banjo playing. He feels that, "Art is the moss rose on the lawn of life."



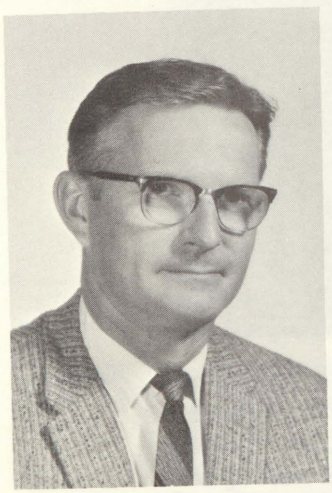
Forms of expression from mobiles to papier mache are common sights in the art room and indicate very clearly that there are many students interested and able to create in many mediums.

Music Is an Integral Part of Education

Many talents are developed as students participate in electives courses. Combining talents in the music field are members of the choir, band and orchestra. In addition, music is a vital part of MacArthur's activities. Without the band accompanying the cheers, much of the spirit would assuredly be lost. Such events as Christmas and Spring Concerts add personality and exhilaration to the school's activities.



JOSE LUIS GOMEZ--Mr. Gomez teaches all levels of vocal music here. Born in Mission, Texas, he attended Texas A & I College. While there, he was a member of The A & I Singers, a group that toured six oriental countries in 1964 and also entertained servicemen overseas. His interests include musical comedy, as evidenced by his performances at Pit and Balconey this year, and piano playing.



MR. JAMES B. DYE--MacArthur's new band teacher, Mr. Dye was born in Saginaw and attended M.S.U. and U. of Southern California. Mr. Dye enjoys travel and sports, and thinks MacArthur is an "excellent" school.

MR. ARNOLD TAYLOR--Born and raised in Bay City, Michigan, he attended M.S.U., and now teaches symphonic orchestra and string instrumental here at MacArthur. Mr. Taylor is the principal violist with the Saginaw Symphony and Delta College Festival Orchestra.

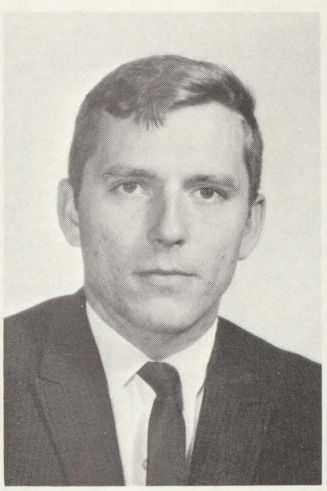
Every Detail Counts

Checks, budgets, figures, margins, spelling, letter forms-all require skill, self-discipline, and the ability to follow directions in detail. Accuracy is the primary goal.

This form of vocational education is quite new. Business education, which has its origins in the 17th and 18th centuries, expanded rapidly in the 19th and 20th centuries. It is now a major concern in public high schools.

MR. DANIEL J. FISK--One of our assistant coaches is Mr. Fisk. A graduate of Ferris State College, he teaches Retailing I and Distributive Education. He is the proud father of a boy and a girl.

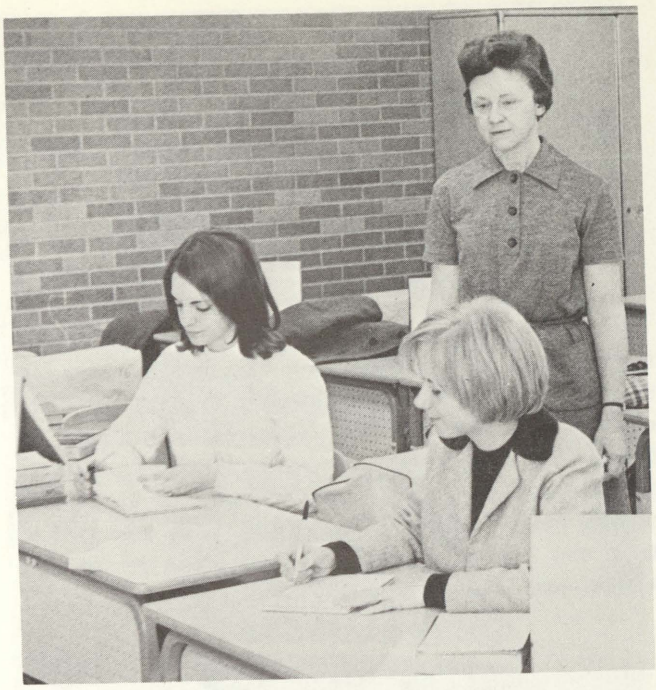
MISS PATRICIA ROBINSON--Miss Robinson is originally from Athens, Ohio. She attended Anderson College in Indiana. She is in her second year of teaching Typing I and II here. Music is her main interest. She is often heard reminding her students, "Please don't type after the bell rings." Miss Robinson is shown with one of her classes playing "typing football" in the fall.



MR. THOMAS IVAN--He is the head coach of the JV football team. He attended C.M.U. for his teaching degree. Mr. Ivan teaches bookkeeping, retailing, and typing.

Business Is a Busy World

"Since the business world surrounds everyone, it is important that its place in today's world is understood." This department is striving to give students more variety in planning for their future. In addition to the learning and constant improving of basic skills, good attitude is stressed and individual progress encouraged.



MRS. ELLA MAE WILSON--Mrs. Wilson received her B.A. from Eastern Michigan University, and her M.A. from the U. of M. She teaches shorthand and notehand, as well as being a Faculty Council Member. Her hobbies include antique collecting and baking for three boys.

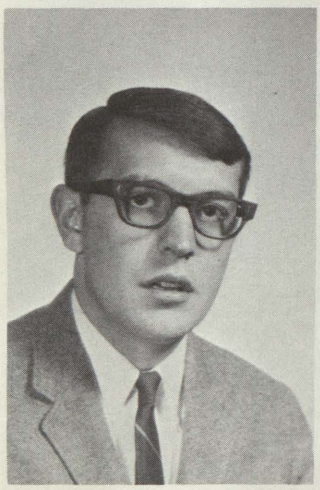
MRS. SHARON MILLER--Mrs. Miller, of Saginaw, attended Central Michigan University. She teaches Office Machines, Office Practice, and Typing I and II.

MR. LEWIS FENTON--Mr. Fenton teaches typing here at MacArthur. He was born in Pinconning and attended Central Michigan University, where he was on the football and wrestling teams. He is the assistant varsity football coach.

There Are Languages Other Than English

Such inventions as the jet and intercontinental television make it impossible to ignore the existence of cultures different from our own. Through the study of foreign languages here at MacArthur, students also become aware of the customs, culture, history, and the geography of the country. As an important by-product of this study, many students find they are able to view their own language, culture, customs, and themselves, a little more objectively.

MR. GERRARD TRUDEAU--Mr. Trudeau teaches Spanish and Driver's Education. Outside of school he enjoys coin collecting, playing the guitar, and traveling. He often opens class by saying, "Buenos dias clase!"



MR. MANNY STAHL--Mr. Stahl was born in Austria and lived there until he was eleven. Mr. Stahl graduated from C.M.U. He plans to attend graduate school and return to Europe sometime in the future. Mr. Stahl teaches German I & II.

MRS. GERTRUDE LEIB--Born in Toledo, Ohio, she attended the U. of Toledo. Mrs. Leib teaches German and is also the head of the German Club. She enjoys cooking, knitting, and golf.

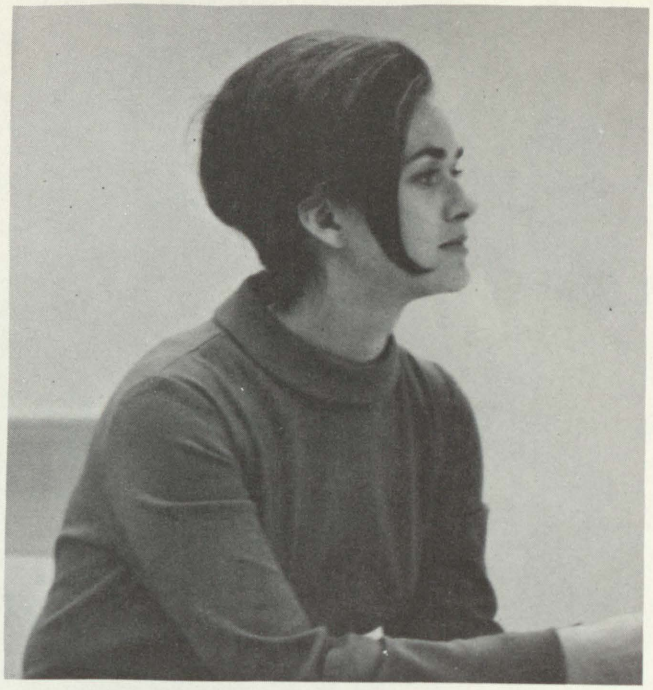
"El Laboratario es muy divertido, verdad?"

MRS. GERALDINE STONER --Traveling is Mrs. Stoner's main interest. A graduate of Hope College and the U. of M., this is Mrs. Stoner's second year at MacArthur. She teaches French I & II, and also sponsors the French Club.

MISS MARION MC CONNELL--Miss McConnell is a native of Kalamazoo and has attended Western Mich., the U. of M., and Columbia U. She teaches French and Latin and sponsors the Latin Club.

"La clase también es alegre!"

We Find That

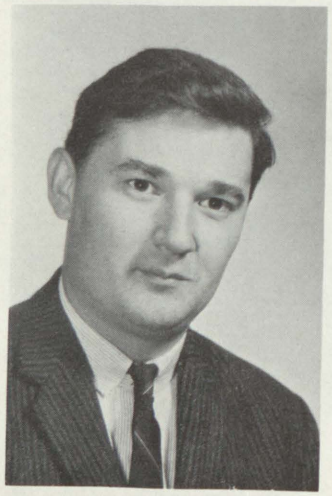


MISS CAROLE RAE PHILLIPS--Miss Phillips teaches American Lit., drama, English III, and English Composition. She is a sports car enthusiast. Within a matter of years, she wishes to go into the Vista program.

To many students, English is a friend, to others it is a foe. The basic aim of the English department is to help students improve their communication skills of speaking, listening, reading, and writing--the signs of literacy or illiteracy.

English Composition, an elective, is for the student who finds himself lacking in basic writing skills. This student might say, "I'd go to college, but man, those freshman English courses I've heard about have really got me bugged!" "Don't get excited, Harold, just take College Preparatory English Composition in your senior year. It'll make a new man out of you, Harold; it really will--and in just fifty-five minutes a day. No one will kick dangling participles in your face ever again!"

Upperclassmen are novice poets, essayists, playwrights, and storytellers in Creative Writing, part of Mrs. Larson's independent-study elective. In addition to learning about the different types of literary expression, students are given the opportunity to develop and pursue their own particular writing talents.



MR. CHARLES LAUNDRA —Born in Saginaw, Mr. Laundra attended Illinois State U. and is new here this year. He plays an active part in Pit & Balcony. He also enjoys pets, the Theatre, acting, and building with wood.

MISS CHRISTINE E. CRONK--Born in Detroit, Mich., she attended Western Mich. U. She teaches 9th grade English and supervises the Debate Team. Miss Cronk likes to begin her class with the expression "Open up your sensory units and think."

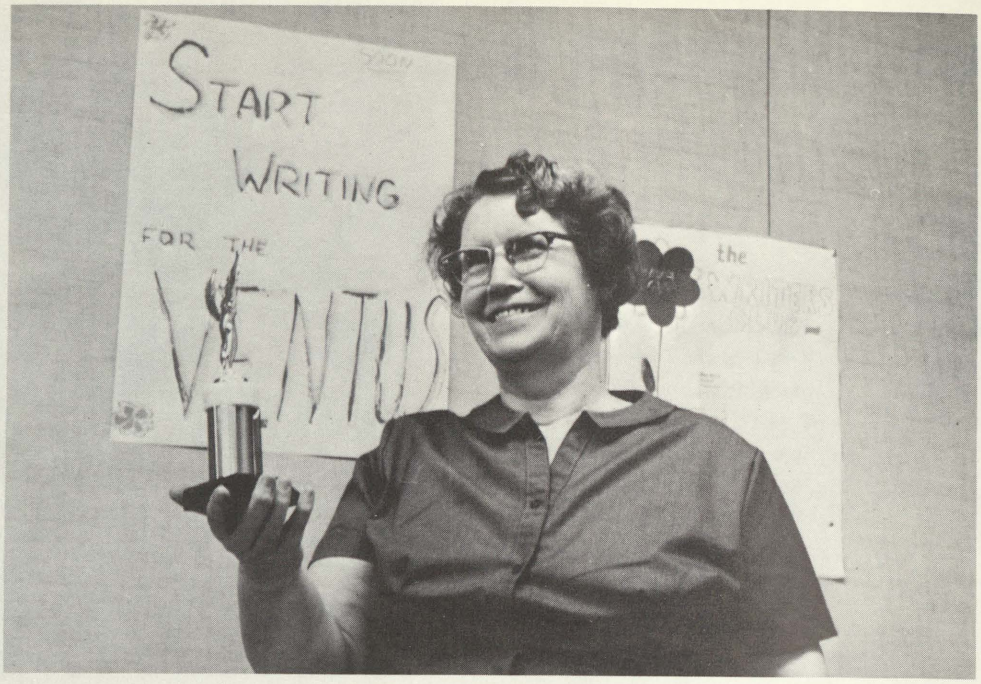
Our Own Language Is Complex.

MRS. JOYCELYN LAPLANTE--Born in Auburn, New York, she received her teaching degree from C.M.U. Teaching English and Speech, she also advises the Junior Class; Mrs. LaPlante thinks the school is "Tremendous".

MISS GEORGIA EGAN --She is from South Dakota, where she attended the U. of South Dakota. She has been here for five years and teaches Amer. and Eng. Lit. When she isn't watching her students, she enjoys watching birds.

MISS VIRGINIA MURPHY--A newcomer to the faculty at D.M.H.S., Miss Murphy is originally from Evanston, Illinois. While in Illinois, she attended DePaul U. She teaches sophomore English.

MRS. ELOISE A. BARNEY--Born and raised in Baldwin, Michigan, she attended both C.M.U. and U. of M. and teaches American Lit. and World Lit. Last summer she fulfilled her goal of finishing thirty hours beyond her Masters and employs this enthusiasm in class. Mrs. Barney is shown admiring wood carvings of Don Quixote and Sancho Panza which were contributed by Norma Strong, to be used in connection with the study of Spanish literature.

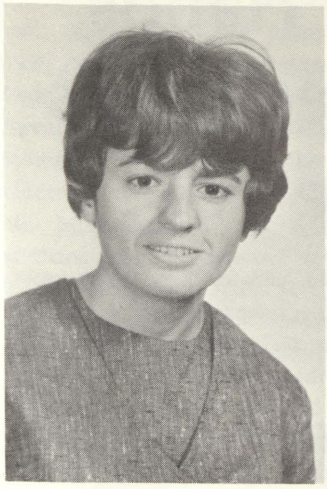


MRS. EDITH LARSON--Originally from Manton, Michigan, she has taught English Composition, Contemporary Literature, and Creative Writing for the past four years. She also sponsors the Writers' Club, which publishes the VENTUS. She has had many of her writings published. Mrs. Larson is shown holding the annual award of the Saginaw Writers' Club, awarded her for the best manuscript of the year which was a chpater from the book she is currently writing, JULIA A. MOORE: VOICE OF THE VOICELESS.

MRS. LINDA HOWDYSHELL FURGASON -- Mrs. Furgason is interested in sports cars, travel, theatre, art, and skiing. She attended a private college and C.M.U. She now teaches journalism and speech. This is her second year at D.M.H.S. She has been in several plays in San Francisco and in four operas.

MISS MARY SLOAN--This is her second year as a freshman English teacher. She also sponsors the National Honor Society and enjoys skiing, painting, and traveling. Last July she sailed to Europe on the AURELIA, the ship on which three foreign exchange students sailed home.

MISS SUZANNE JEAN DINGMAN --Miss Dingman teaches speech and dramatics. She sponsors the Drama Club and acts as the director of the plays it puts on. She is an active member of the Pit and Balcony and has been in plays for the past three years. Miss Dingman says, "As drama teacher of D.M.H.S., I find the position challenging and enjoyable."

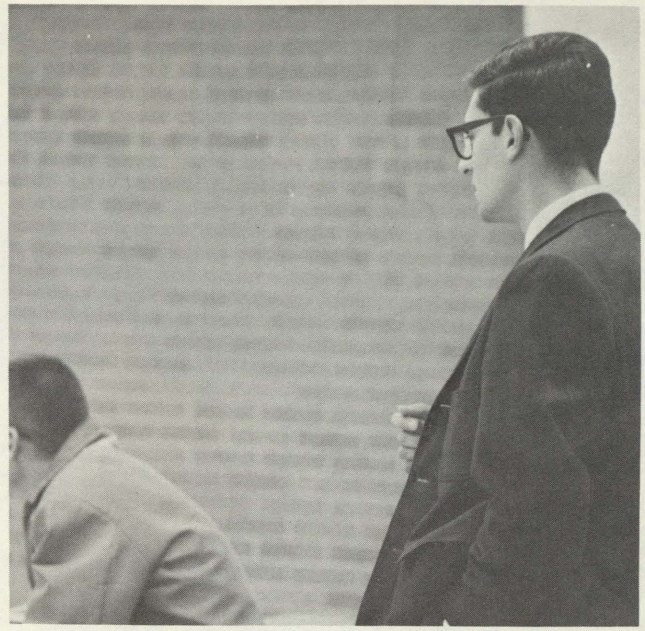


MRS. PATRICIA ANNE HOPPE--Mrs. Hoppe teaches ninth-grade English. She comes from Kalamazoo and attended M.S.U. "English" she says, "is essential to a good education." Also, she feels that D.M.H.S. is a modern school. One of her favorite sayings is, "You're too stingy. Write more!"

This Language Has Life

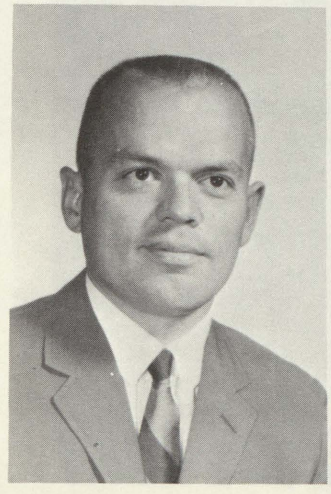
"Tomorrow, and tomorrow, and tomorrow, creeps in this petty pace until the last syllable of recorded time," said sad Macbeth. But students of English Literature experience no such feeling of bored futility. Studying Shakespeare, Chaucer, BEOWULF, George Bernard Shaw, and many other notables, traveling to Stratford, Ontario, for an exciting performance of HENRY V, and writing epic poems and sonnets of their own, most seniors agree that "English Lit. swings like a pendulum do!"

MRS. HELENE SVEOM--Her hometown is Minneapolis and she graduated from the U. of Minnesota. Mrs. Sveom teaches eleventh-grade English, French I, and advises the yearbook staff. Her hobbies include art, traveling, and reading.



MR. THEODORE BARRIS--A graduate of C.M.U., and in his sixth year at D.M.H.S., Mr. Barris teaches American and English Lit. He also advises the Student Court and enjoys sound recording, golfing, and using Michigan waterways. He is shown taking care of a person who is turned around in his seat, "Hey, Phil, do you need a shave or is that the back of your head?"

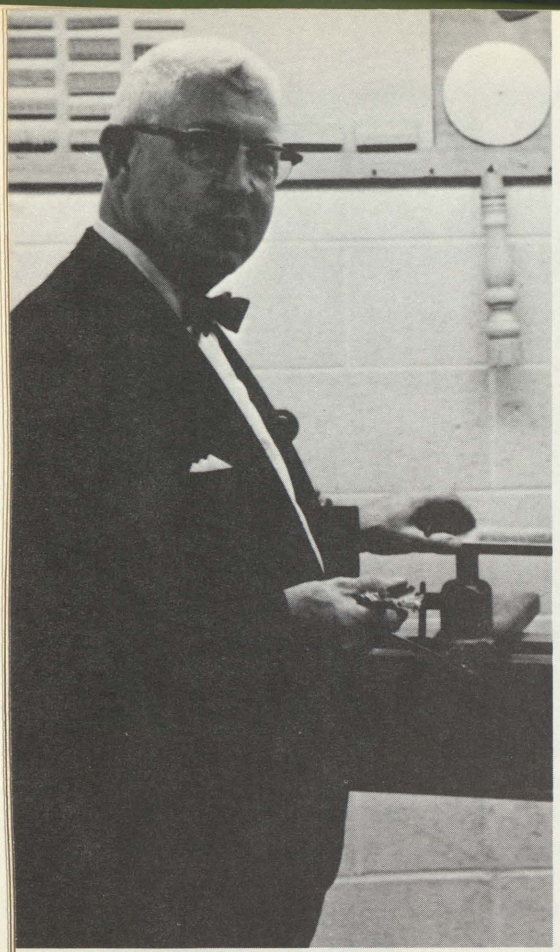
Elective classes provide literary challenges for talented students. A few select seniors this year have enjoyed the opportunity to broaden their literary background through the World Literature course. From the Greek tragedies to the Japanese Haiku, the course provided unique experiences in high school literature. Students can explore the important writing of the many truly outstanding authors from Europe and Asia not usually introduced in American and English literature.



MR. HUGH MATSON --Originally from Newaygo, Mich., he graduated from W.M.U. in Kalamazoo. This is his fifth year here as a freshman English teacher. He also coaches freshman football and varsity track and cosponsors the Key Club.

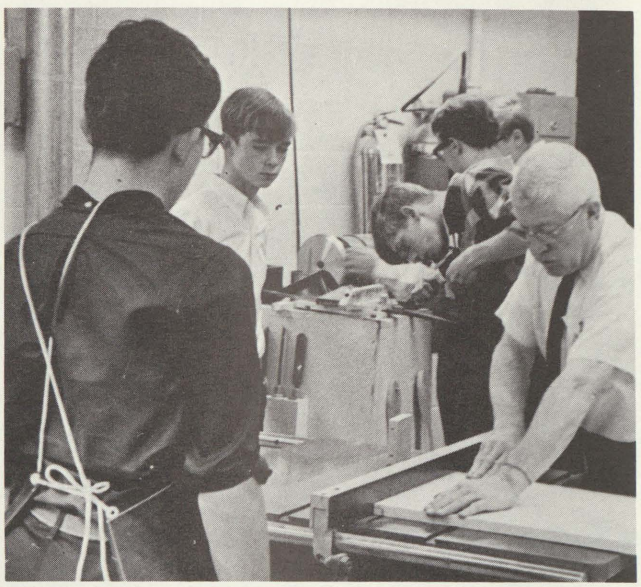
Patient Hands Guide Beginners to the . . .

Background for vocations and for avocations keynotes the activity in this area of education, which strives to place each student in the field of his interest. For example, boys interested in the world of grease, tools, cars, and more grease find that auto-mechanics offers them a complete course on repairing and rebuilding automobiles. Students in metal shop delve into the study and use of sheet metal, welders, and foundry machines. The opportunities open to those interested include training in: auto mechanics, machine and metal shop, drafting, printing, woodshop, and electronics.



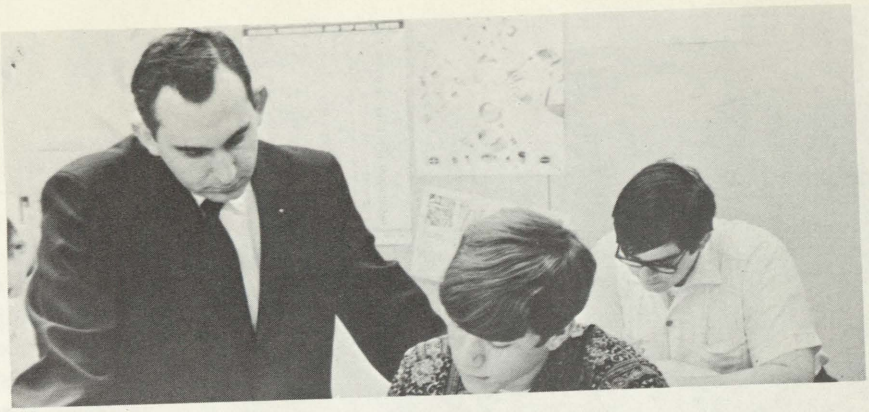
MR. T. J. GARDNER--A native of River Rouge, Michigan, he attended W.M.U., the U. of M., W.S.U., and C.M.U. He is now attending graduate school at C.M.U. He works hard teaching advanced drafting and wood lab.

MR. JAMES K. BILBY--Mr. Bilby is a native of Cadillac. He graduated from Ferris and is now attending graduate school at Michigan State. This is the second year he has taught graphic arts here at MacArthur. During his spare time he advises the Printer's Club.



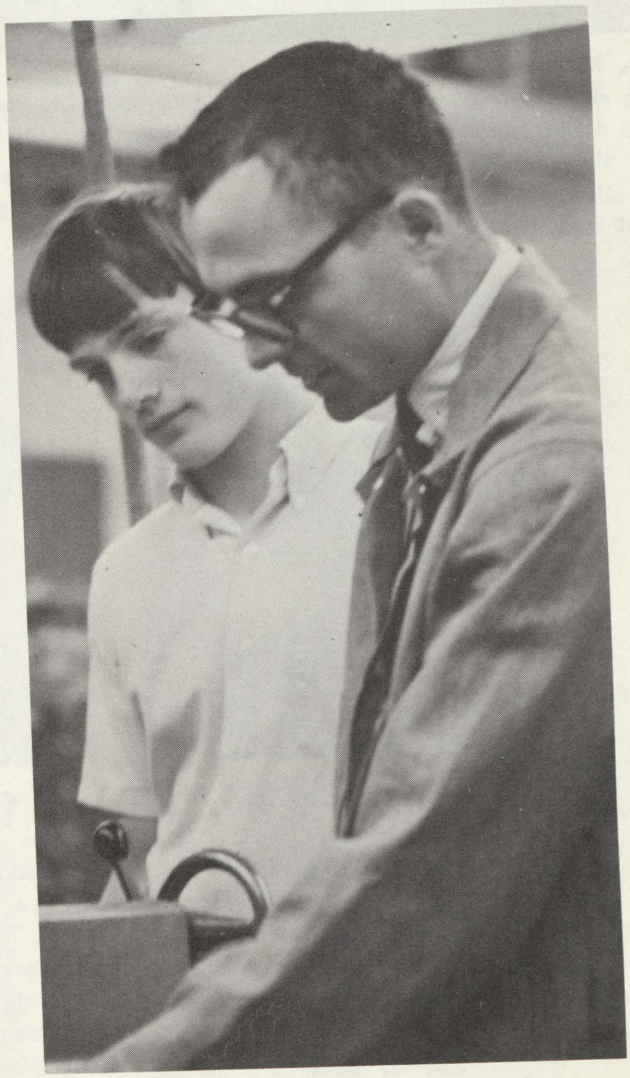
Mr. Gardner demonstrates some woodworking skills.

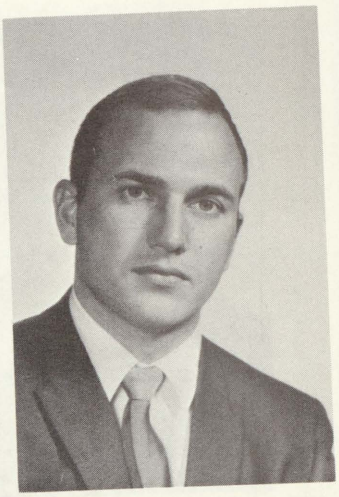
MR. THOMAS ARCY--The electronics instructor at D.M.H.S., Mr. Arcy has been here for three years. Originally from Dearborn, he graduated from Ferris State College. He is also a graduate of the Naval Air Technical Training Center in Memphis, Tenn., where he majored in electronic communications. He completed his M.A. from M.S.U. this March. In addition to being adviser to the D.M.H.S. Radio Club, WA8PXE, Mr. Arcy enjoys gardening, fishing, amateur radio, and playing with his three children.



Final Product: Skilled Hands

MR. FRANKLIN TOMSICH--Mr. Tomsich's hometown is Ely, Minnesota. This is his third year at MacArthur and he is teaching Industrial Arts I and II, Mechanical Drawing I, and Metal Lab. He has been involved with the building of a duplex the past year.

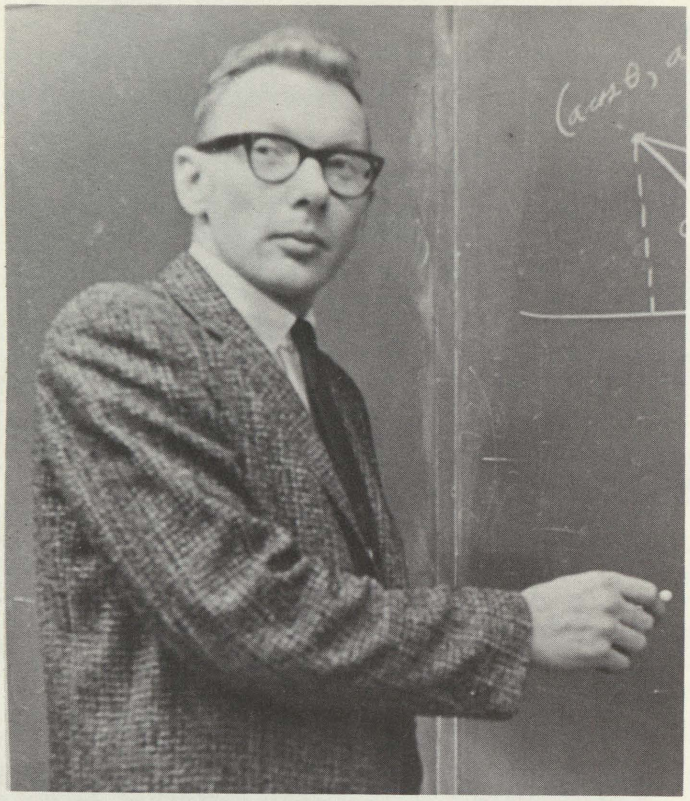




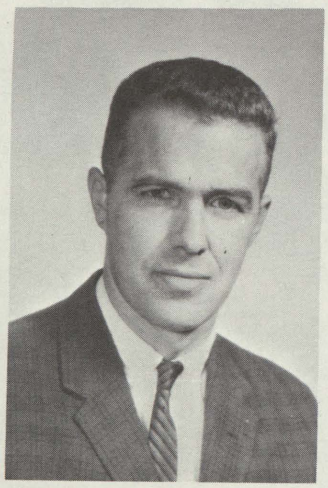
MR. ROBERT SCHERZER —Mr. Scherzer teaches Power Mechanics II and III, and Industrial Ed. This is his first year at D.M.H.S. His hometown is Hemlock and graduated from C.M.U. He plans to teach in a foreign country.

Math Plus Work

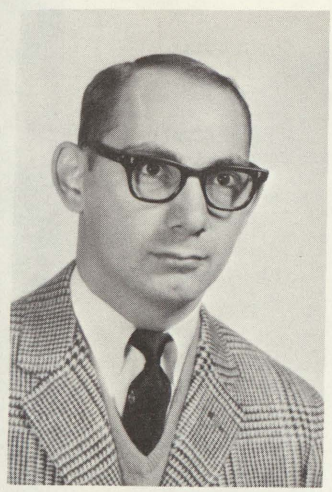
Tobias Dantzig referred to mathematics as "the language of science." It has also been said that the study of mathematics is "a foreign language no one can afford NOT to understand." This is clearly shown to be true from the basic math knowledge needed to make change, calculate taxes, and balance checking accounts, to our math curriculum equal to the needs of the modern atomic-age society. Students, loaded with compasses, rulers, protractors, and plenty of erasers, work in classes of algebra, geometry, special math, trigonometry, and advanced math.



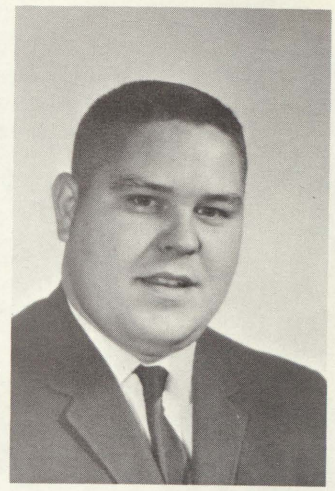
MR. EDWARD ALLINGTON--Mr. Allington is the father of five children, including identical twin boys. He enjoys hunting with a bow and arrow. This is Mr. Allington's third year in the mathematics department at D.M.H.S. Born in Saginaw, he attended C.M.U. Last summer he went to school in New York on the N.D.E.A. program.



MR. CARL MORGAN--Mr. Morgan has attended C.M.U. and is originally from Pigeon, Michigan. This is his third year at MacArthur teaching algebra and geometry. He also sponsors the eleventh grade. His hobbies are hunting, eating, and sleeping.



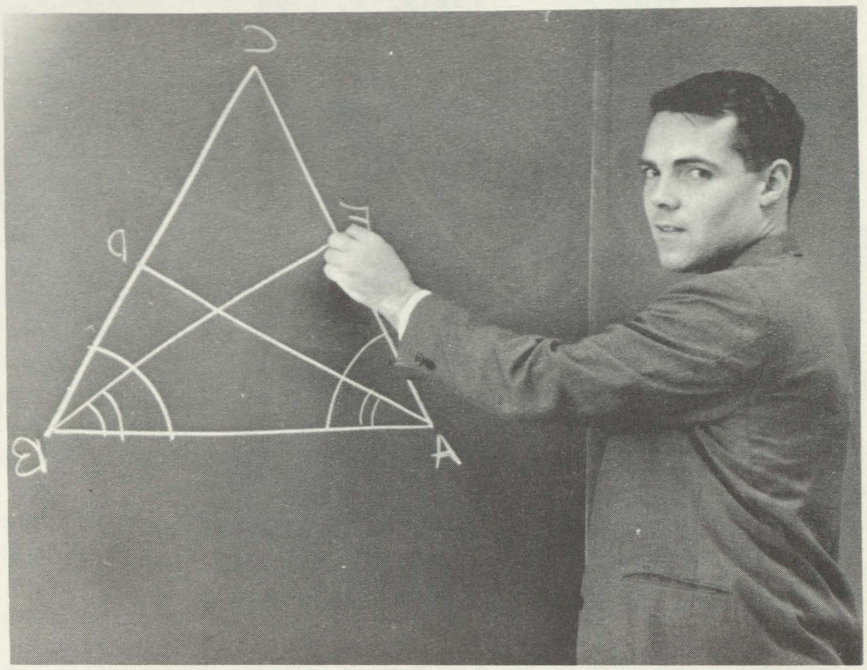
MR. THOMAS LEMIEUX--Born in Asheville, North Carolina, Mr. LeMieux has a B.A. from U. of M. and a M.A. from C.M.U. A new teacher this year, he teaches Algebra I and II and geometry. He is interested in dramatics, water--skiing and politics.



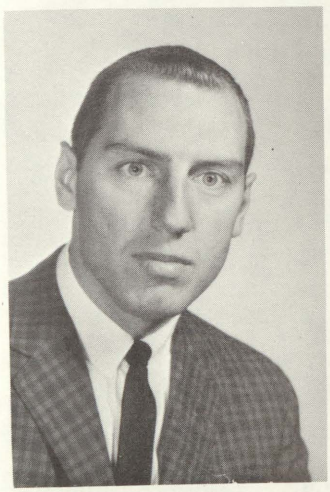
MR. DAVID GARN --Mr. Garn, who heads the Exchange Student Program, is a native of Saginaw. He attended Bay City Junior College and C.M.U. Besides finding math "fascinating", he also enjoys astronomy and music.

Equals Sharpened Minds

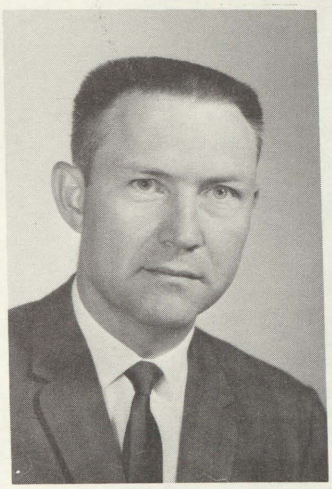
MISS WINIFRED HARROD --Miss Harrod is from Saginaw and a graduate of Alma College and the U. of M. This is her fourth year here, and she is enthusiastic about all her math classes. She also enjoys gardening and reading books on anthropology.



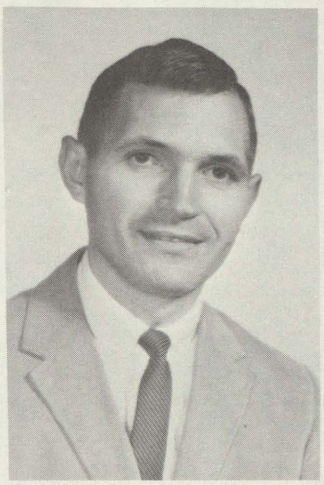
MR. EDWARD KARL--Born in Saginaw, Mr. Karl hopes to visit his family homestead in Karlsruhe, Germany, some time in the future. This being his second year in our math department, he feels that the students here are a "fairly decent bunch." He enjoys all sports and is co-sponsoring the freshman class.



MR. LYLE McAULEY--Mr. McAuley teaches modern algebra and plane geometry and coaches the varsity basketball team. He graduated from W.M.U. and enjoys sports, camping, and traveling. He has one son.



MR. DAVID KOELTZOW--Mr. Koeltzow teaches Algebra I and II. This is his third year at MacArthur. He has attended C.M.U., the U. of M., and the U. of D. He enjoys golf and basketball. He is the proud father of three children, and is a captain in the Air Force Reserve.



MR. LOWELL SWARTZENDRUBER--Mr. Swartzendruber is our hard-working J.V. basketball coach this year. He is from Pigeon, Michigan, and attended Eastern Michigan U., Penn. State, and the U. of Iowa. He teaches geometry and algebra. He has a daughter and son.

Science Serves a Continuous Quest to Nature's Ways

MR. LESLIE MILLER--Born and raised in Ida, Michigan, Mr. Miller attended M.S.U. This is his third year at MacArthur teaching biology. He also coaches both the cross-country and freshman basketball teams. Although he feels that some of the students "could be more courteous", he enjoys his subject and the school.

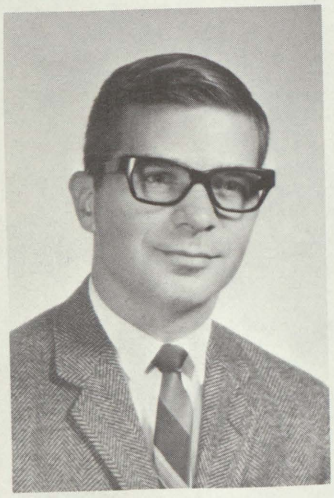
ACTIVITY is the word that best describes what goes on in the science labs of D.M.H.S. From collisions of carts to measuring the acceleration of their walk, physics students gain first-hand knowledge of the subject.

Step into one of the I.P.S. (that's Introductory Physical Science) rooms and observe 9th and 10th graders intently weighing precisely the mass of a gas which they have prepared.

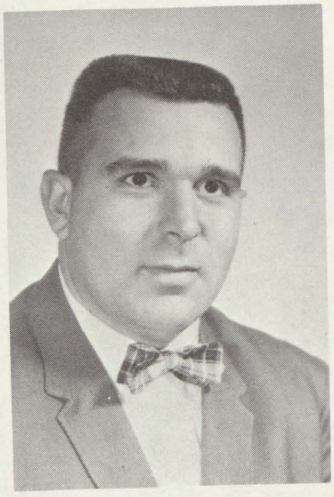
Need an excuse to get away from the classroom and out into the open? Biology classes provide the excuse in the form of a laboratory experiment that takes students out into a field looking for all forms of living things.

A glance into a chemistry lab will enable you to observe future chemists at work practicing the techniques needed in the pursuit of their trade.

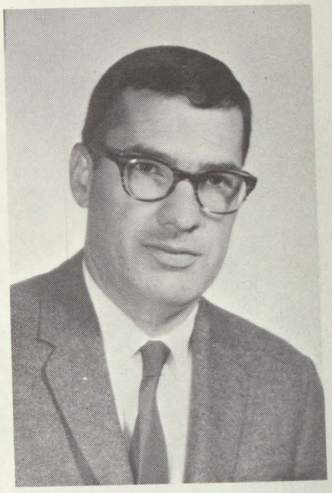
Clearly, activity IS the word that best describes this area of study at D.M.H.S.



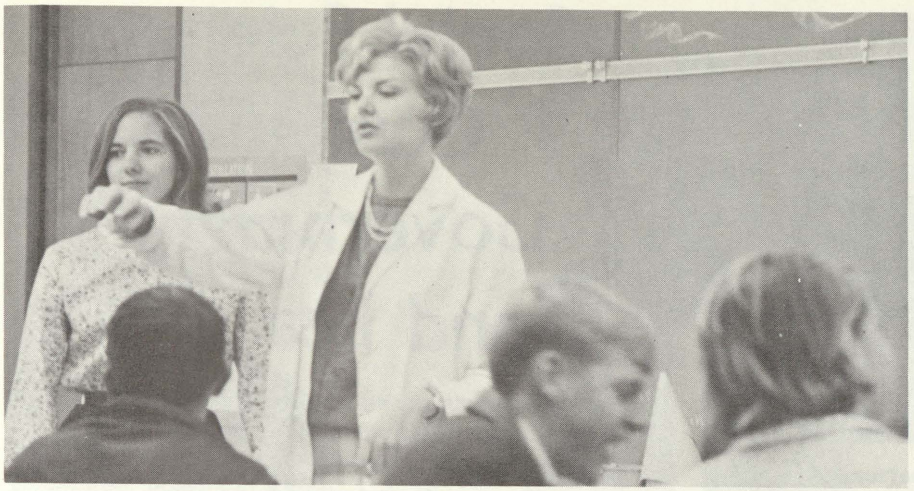
MR. THOMAS MERCER--Mr. Mercer teaches chemistry and has been here for four years. He is now attending graduate school at M.S.U. He finds the students here "interesting," and has one daughter of his own. In class you might hear him say, "Turn down that bonfire! You aren't baking a cake!"



MR. RUDOLPH EMERICK --This is Mr. Emerick's fifth year teaching biology here. He also sponsors the Taxidermy Club. Next to his three children, hunting, fishing, and bowling are his main interests. He often advises his students that "When all else fails, read the directions," and loves to give definite answers like "sometimes" and "maybe."



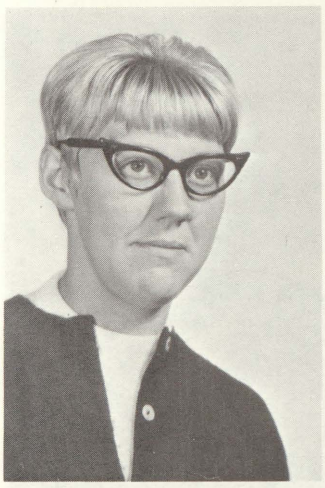
MR. GEORGE GIDDINGS--Mr. Giddings was born in Lansing and continued his education there at M.S.U. He teaches physical science and says that the "majority of the students are very likeable and pleasant."



MISS MARY ELLEN MACVAY--Miss MacVay is from Cheswick, Pennsylvania, but she attended Muskingum College in Ohio. She teaches physical science and enjoys art and painting. In the future she hopes to travel about Europe. She likes the students and feels her subjects to be a new approach to physical science. Miss MacVay is pictured with one of her lab assistants, Rayna Lanterman.

MRS. MARY JANE SCHULTZ--Mrs. Schultz was born in Bay City, Michigan, and attended college at M.S.U. She has been at MacArthur since it opened and teaches Chemistry I and II.

MR. ROBERT SIMPSON--Coming from Greenville, Mich., Mr. Simpson attended C.M.U. and has been at D.M.H.S. for five years. Besides teaching biology, he is also the Business Manager of Athletics here. Aside from these areas, his main interest is taxidermy.



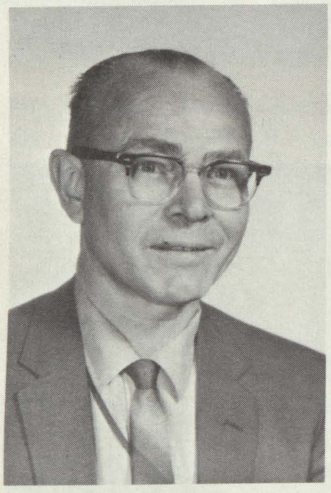
MISS BONNIE CHANEY--When she isn't teaching biology, Miss Chaney finds time to sponsor the Y-Teens, swim, sew, and go boating. She is from Perry, Mich., and attended M.S.U. She says that she is "proud to teach here."

MR. HARLEY STONER--Born in Saginaw, Mr. Stoner has attended five different colleges. He has been teaching Physics I and II for five years now, advises the Future Scientists of America, and enjoys photography, camping, and ham radio. He enjoys teaching at D.M.H.S. and thinks that the students here are "a good group to know." Mr. Stoner is shown helping a student with an experiment concerning the study of collisions.

Social Sciences Combine Government and Learning

MR. WILBUR WEAVER--A teacher of American history, Mr. Weaver is pictured with his flock foundation prize-winning ram that was shown at the Saginaw County Fair. Mr. Weaver also enjoys photography and has taken many pictures for the yearbook. A trip to California is planned for the summer of 1967.

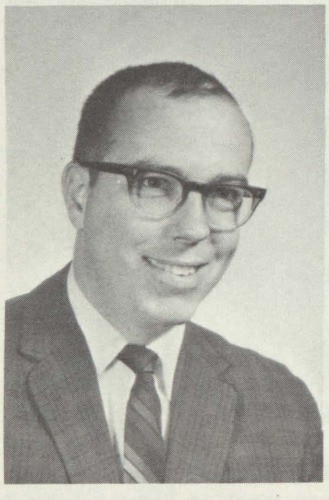
This department emphasizes man's ability and need to interact with each other. The teachers strive to pin point past and future events in the light of today's happenings. The complicated process by which this happens is through the various disciplines of world history, American history, economics, American government, civics, sociology, psychology, problems of American democracy, and geography.



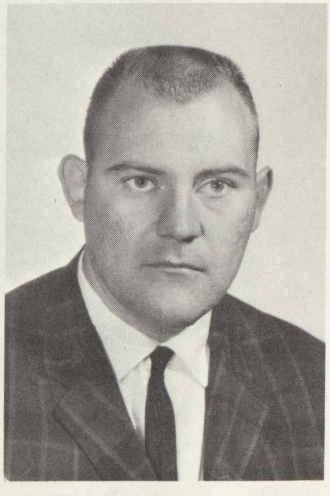
MR. WESLEY DIETIKER--Mr. Dietiker was born in Saline, Michigan. He teaches freshman civics and sponsors the Astronomy Club. He is an avid tennis player.

MRS. IRENE SHREVE --Mrs. Shreve has been here four years and is now teaching world history. Her future plans are to stay out of the rocking chair as long as possible.

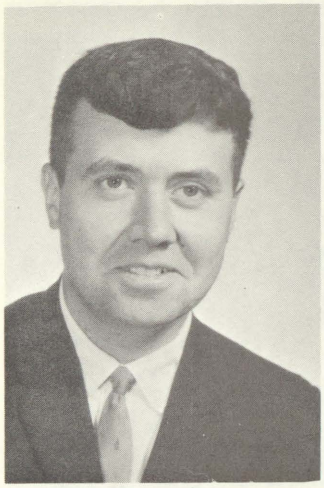
MR. NELSON ELLIOT MODRALL--Graduated from C.M.U., he taught civics and American history. His favorite pastimes are hunting, fishing, bowling, and basketball. His immediate future includes recall with the U.S. Army.



MR. RICHARD DOUGLAS--Mr. Douglas teaches ninth grade. He attended C.M.U. and enjoys traveling and camping out. In the future Mr. Douglas would like to get his Master's Degree in political science.

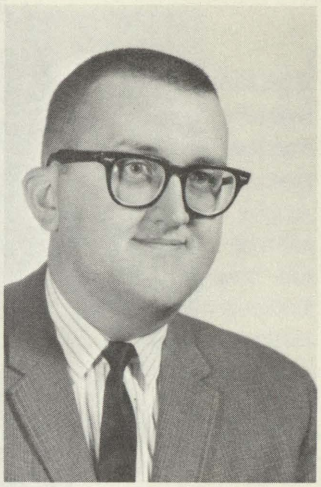


MR. THOMAS PUGH--Mr. Pugh attended C.M.U. and teaches American govt. to seniors. A one-time professional football player, he enjoys athletics, hunting and fishing. He sponsors the Weight Lifting Club.



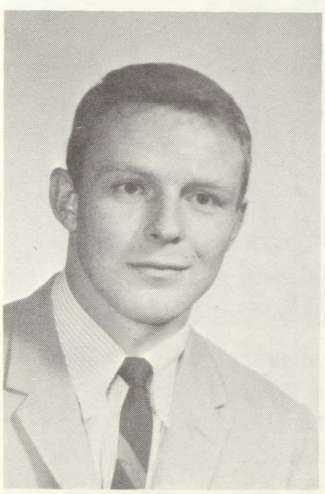
MR. DAVID M. ANDERSON--He teaches American history, Driver's Ed., and advises the Key Club. He was born in Sag. and graduated from C.M.U. He enjoys Florida, sports cars, and reading.

MR. BEN WELLS--He teaches ninth-grade civics. His spare time is used for sailing and other water sports. He also is a part-time sports writer for the SAGINAW NEWS.

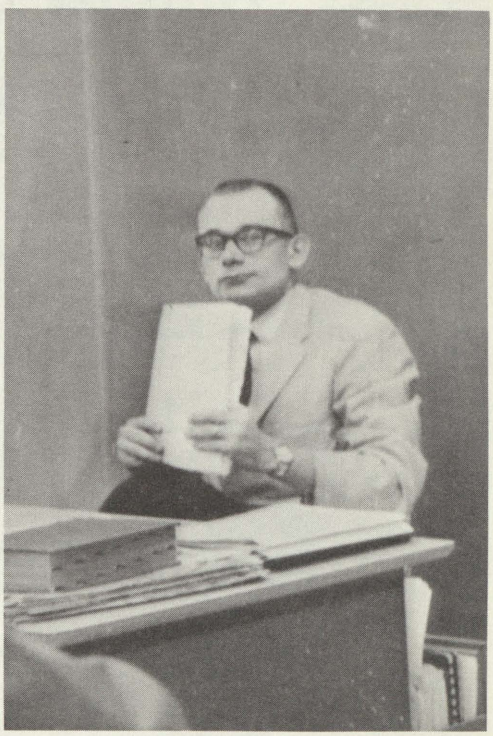


MR. JON SVEOM--From Brodhead, Wis., he teaches economics, American govt., American hist. and Problems of American Democracy. He sponsors the Chess Club and enjoys golfing, hunting, fishing and reading.

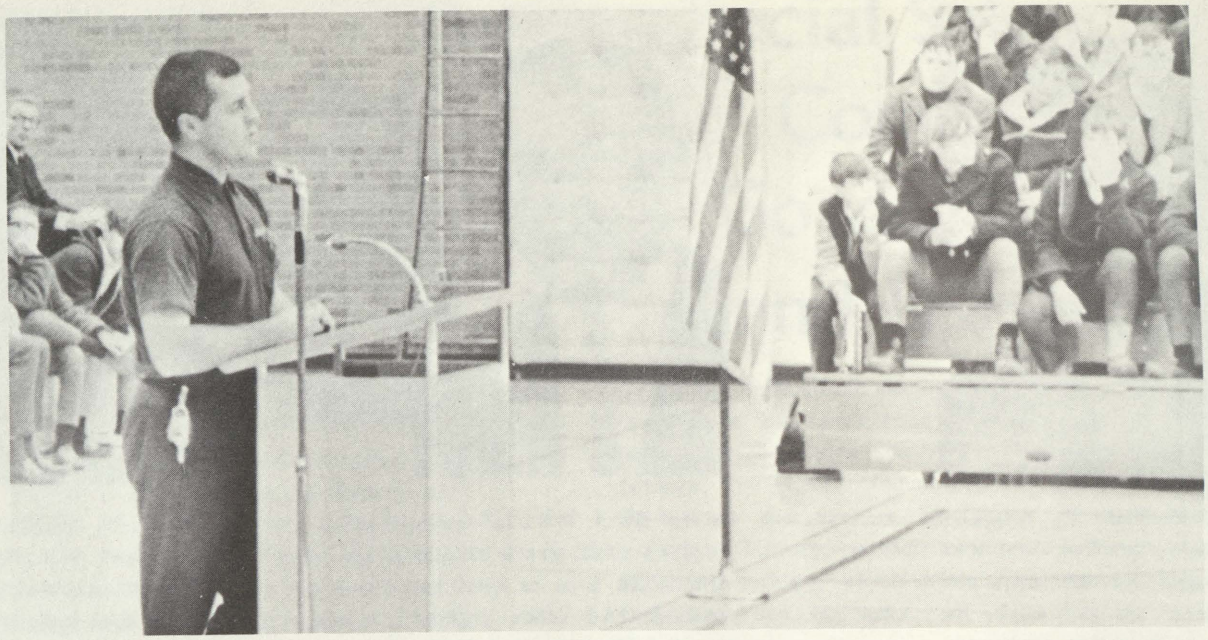
MR. JAMES TEAL--Mr. Teal attended Western Mich. U. He teaches civics and geography. He is an avid tennis enthusiast and coaches D.M.H.S.'s tennis team. He is married and has one son.



MR. FRANK W. LUKOWSKI--Mr. Ski teaches psychology and sociology. He enjoys sports cars, music, athletics, and coin collecting. He's very pleased with the campus style of D.M.H.S.



MR. JEROME R. SUCH--A battle-scarred veteran of six years here at MacArthur, Mr. Such comes from Coloma, Mich., and attended M.S.U. Teaching American govt. and American hist., he also advises the Senior Class and is interested in golf, photography and reading.

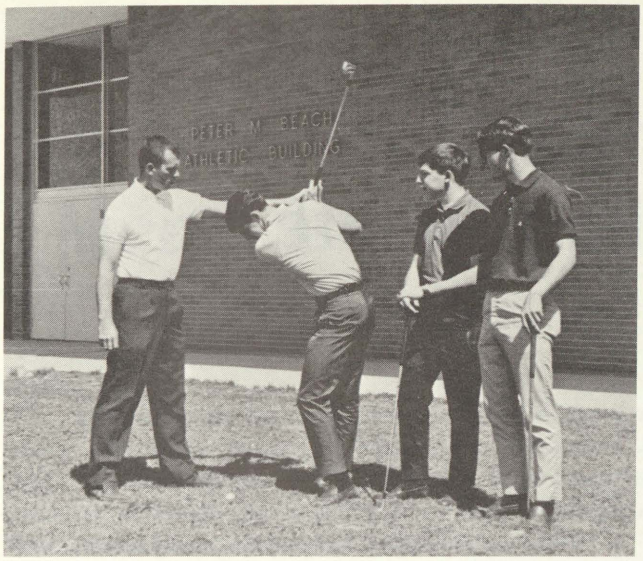


MR. MELVIN SKILLMAN--Mr. Skillman was born in Oscoda, Michigan, and attended C.M.U. Besides teaching boys physical education, he also coaches the football and wrestling teams. When asked his opinion of D.M.H.S., he said that he thinks that it is "getting better with age," and that the "bulk of the students realize their responsibilities to the school and to each other."

Bumps and Bruises Lead to New Physical Skills

Physical education at MacArthur is designed, for the most part, to help the students become physically fit, to advise them how to stay that way throughout their lives, and to help them learn how to fill their recreational needs. To accomplish this, the physical education teachers make use of our multi-purpose gymnasium and its up-to-date equipment. During the school year the girls cover everything from gymnastics to bowling and the boys improve skills in areas such as swimming, wrestling, and tennis. Clearly, physical education classes contribute to the social, mental, and emotional, as well as the physical, needs of each individual.

MISS GLADYS RACHEL--Miss Rachel has lived in Wyoming and West Virginia before coming to Saginaw. This is her first year at MacArthur as a freshman and sophomore physical education instructor. She enjoys traveling and advises all three cheerleading squads. She plans to continue working toward her Doctorate Degree in P.E.



MR. RONALD STELTER--Mr. Stelter thinks that D.M.H.S. is "the best" and that the students are "a pleasure to work with." He received his B.S. from the U. of D. and his M.A. from the U. of M. He has taught here for six years and is now teaching ninth grade P.E. He is also the Athletic Director and golf coach. His interests include golf and officiating.

MRS. MARILYN BLACK --Mrs. Black attended Michigan State and now teaches 9th and 10th grade physical education. She also advises the Sea Nymphs and feels that MacArthur has the best department she has ever taught in.

MR. LOUIS DULAC--A native of Kingston, Mr. Dulac played professional baseball for the Chicago White Sox before turning to teaching P.E. He now coaches baseball at MacArthur.

MISS NANCY BAILEY --Miss Bailey, who is from Denver, has attended both the U. of M. and M.S.U., and now teaches girls' P.E. and Student Leaders. Head of Intramurals and the Ski Club, Miss Bailey plans to teach in Europe.

MR. DENNIS FITZGERALD--Mr. Fitzgerald plans to reach a college swimming coach position. A graduate of the U. of M., he was born in Chicago, Illinois. He has been teaching here for two years now, and has added ninth grade Algebra to his P.E. teachings. He also coaches the MacArthur swim team.

Basic Fundamentals Prepare Students for Future Life

MRS. DONNA TYSON--Mrs. Tyson was born in Levelland, Texas, and studied at the U. of Arkansas and Texas Technologicial College. She teaches Homemaking I, II, III, and enjoys cooking, sewing and music as outside activities.

"The purpose of the homemaking courses consists of not only teaching girls to cook and sew, but also how to be a better person." This statement illustrates the different aspects of the homemaking department. Classes include a variety of projects ranging from sewing, child care, and meal preparation to family money management. The teachers have made a point of including all important factors in assisting their students to become Homemakers of Tomorrow.

MISS JUDITH ANN BUFFENBARGER--Born in Scottville, Mich. she attended C.M.U. before coming to MacArthur to teach home economics. She heads the Economics Club, enjoys music, softball, and plans to get her Masters in guidance and counseling.

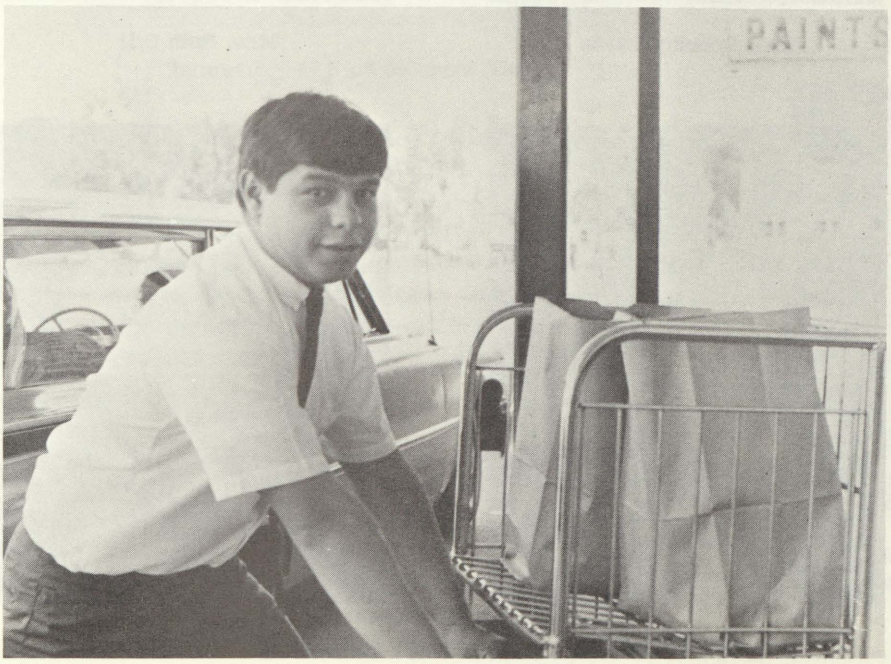
The Special Education Program Meets Individual Needs

This program offers learning experiences for students who differ widely in ability and achievement. A major accomplishment in this program is to adapt the teaching materials and methods to a wide range of individual differences.

Methods vary from remedial reading and remedial math to on-the-job training placements. Students are first evaluated on various jobs on campus. If a student proves to be a dependable worker on campus, he is then placed on a suitable job off campus. Students who maintain successful employment off campus will receive school credits toward graduation.

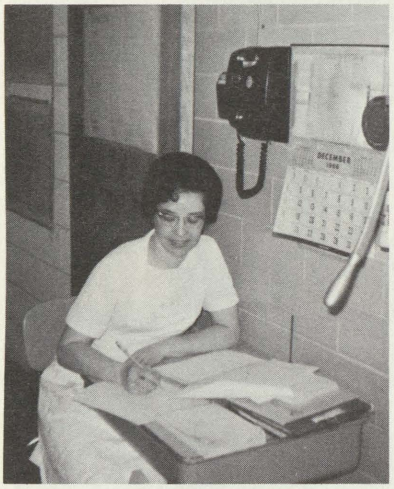
Above all, the special education teacher attempts to discover the right pace for each student and to outline the rate at which every student can learn profitably and comfortably with self-respect.

MR. MAX P. ZITTEL Mr. Zittel is pursuing a Specialist Degree in Education. He feels that the subjects he teaches have everything necessary for training students for actual job placement. Mr. Zittel sponsors the Camera Club and worked hard taking many pictures for the yearbook and newspaper.



Fred Perez works at Vescio's on West Michigan. He got this job last fall through Mr. Zittel. The job has given Fred the satisfaction of financing his own car.

They Serve 153,000 Lunches!



Mrs. Mary Likam, Manager

Feeding a group of 1,734 students and faculty, the cafeteria staff serves approximately 850 lunches a day.

The Generals "put away" 350 pounds of potatoes, 840 bread rolls, and almost 1,000 cartons of milk daily. Over 140 pounds of hamburger is used each time barbecues are listed on the menu.

Most MacArthur students seem to take a lot of pride in their cafeteria; they are good about taking care of the facilities.

Our Unsung Heroes

Working long hours, the custodian crew strove to keep D.M.H.S. shining. Many extra hours were spent cleaning up after dances and special meetings. Snow storms and rainy weather presented more work for the custodians both indoors and outdoors, as did many kinds of repair jobs.

Headed by Bob Borchard and Earl Mercer, the custodians cleaned 10,803 rooms and about 27,280,013 square feet of floor space in this school year. Waste baskets were emptied more than 15,000 times.

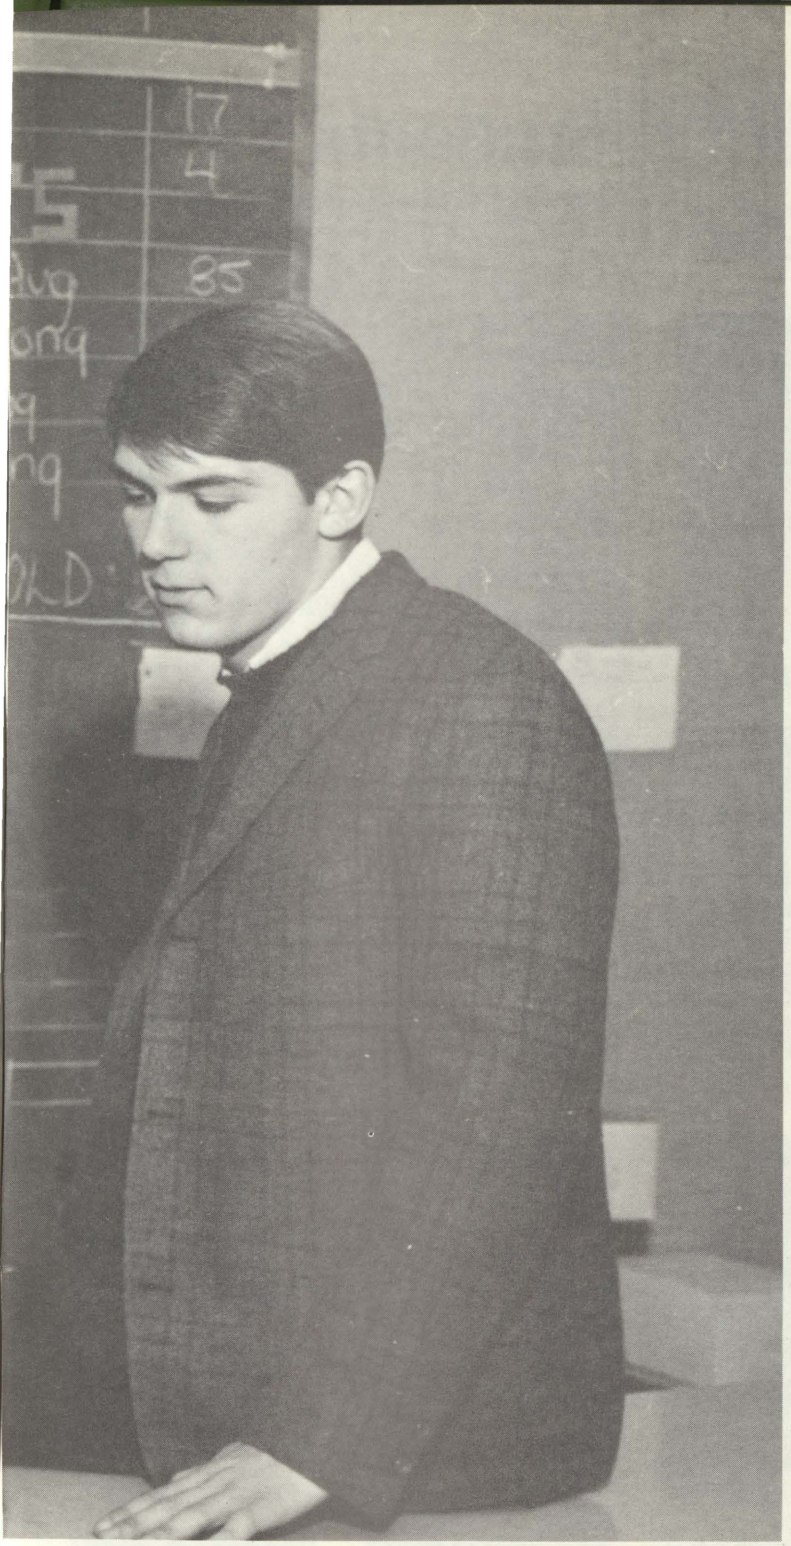
Senior Class Officers



Senior Secretary, Terry Hinkin; Vice-President, Kirk Wurtzel; Treasurer, Debbie Hanson, and President, Bob Weinert staged a massive sock sale to earn money for the Senior Party. Business boomed at Ween's Sock Store and the seniors had another great party.

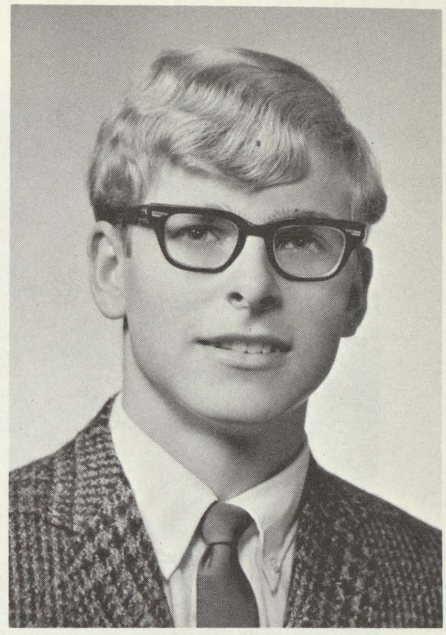
Margo was named Daughters of the American Revolution Good Citizen. The DAR award is only offered to senior girls. It is based on the girl as a citizen of her school. Citizenship traits such as dependibility, service, leadership, and patriotism serve as criteria for judging.



JOHN PUTZ

John Putz received a score of 800 points out of a possible 800 points on the math section of the SAT test. John also was a finalist in the National Merit Scholarship Test.

JEFF ENDEAN

Jeff Endean was a finalist in the National Merit Scholarship test. He scored the highest of anyone from MacArthur who took the test.

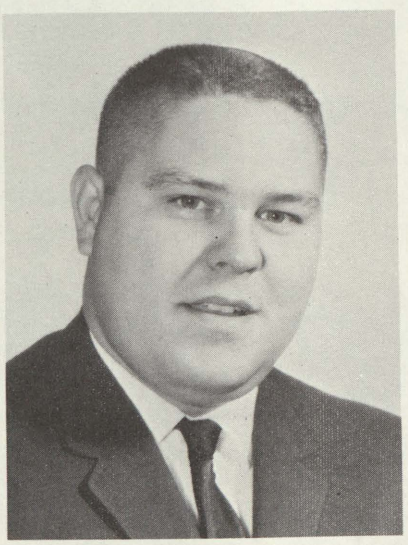
Exchange Students Enjoy

FIRST ROW: Paula Wohlfeil, Sweden; Jim Beach, Japan; Elaine Szott, Denmark. SECOND ROW: Nancy Lassignal, Holland; Debby Hanson, Germany; and Marilyn Gustin, Holland.



Mr. Garn is the Faculty Advisor to the Exchange Student Committee, which is a committee of the Student Council.

The basic requirement by which students are selected to be exchange students is whether they will make good ambassadors of the United States to a foreign country. That is, whether they represent the youth of the United States and the American way of life.

Each applicant must provide a complete profile of himself. This includes an autobiography, a transcript of his grades, and three letters of recommendation, one each from a teacher, an adult friend, and a minister or pastor. The student must also complete an application form.

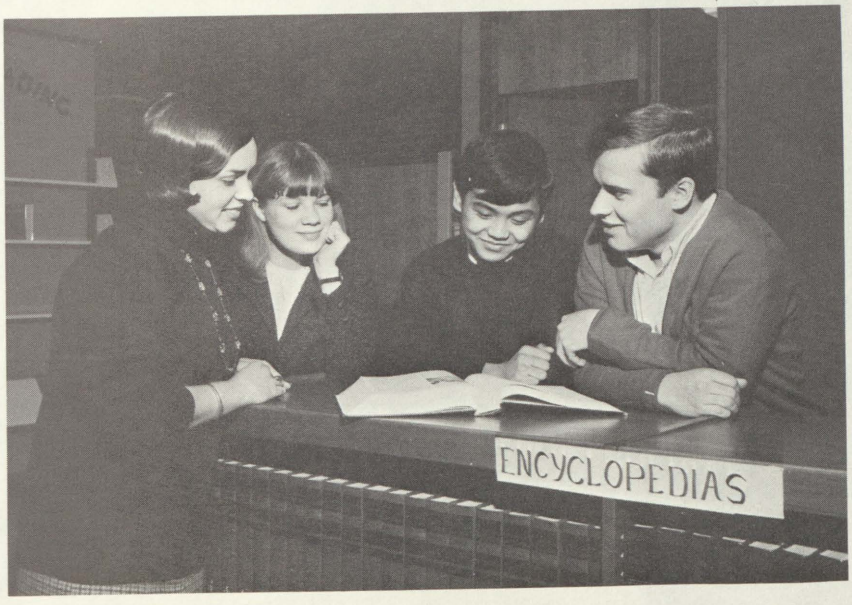
Approval must be gained from three separate committees before a student is officially an exchange student. The first committee consists of the Student Council. Those applications selected then pass on to a committee of citizens from the metropolitan area that are interested in the program. This committee reviews applications that come from all over the county. The final approval comes from the Ann Arbor office of the "Youth For Understanding Program."

Many Rewarding Experiences

FIRST ROW: Veronica Cabello, Jenny Bax, Gisela Oden. BACK ROW: Tadaharu Iwata, Lars Olofsson.

Under the Youth for Understanding Program, students from foreign countries visit MacArthur.

The foreign exchange students are: Seija Astikainen, Finland; Jenny Bax, Holland; Veronica Cabello, Chile; Tadaharu Iwata, Japan; Gisela Oden, West Germany; and Lars Olofsson, Sweden.



Jenny Bax, Seija Astikainen, Tadaharu Iwata, and Lars Olofsson enjoy the library.

Being an Exchange

I enjoyed my stay here tremendously! My year was full of new and unique experiences in connection with family and school life. The Ochmann family made me feel like their own daughter and the kids at MacArthur made me feel like one of them, like a real General. And I was proud to be a General!

There was always so much going on that I simply didn't have time to be homesick: the clubs, the games in which our mighty Generals starred, the dances, the assemblies, and classes. I want to thank everybody for what they did for me to make this year in the U.S. and at MacArthur such a wonderful one.

Choosing one's own subjects is a great advantage of the

I feel now that living in another country is not only a lot of fun for the exchange students involved, but it also definitely serves the aim of the Youth For Understanding Program, which is: peace among peoples by friendship. And friendship is really the only way!

Thank you, Generals, and good luck always!

Seniors Earn

The Senior Sock Sale, MacArthur's answer to J.A.'s Soc-Co, was a "sedate" effort to raise money for this year's Senior Party. It was announced by the beginning of November that every senior must sell ten dollars' worth of Country Gentleman, Over-the-Calf, or those ever-popular white Bobby Socks in order to be admitted to the party on Graduation Night.

$2,100!

A most business-like sock office, complete with Dan McDonald's MAD Mobile and the Name the Spot Game, was established in East Hall and manned with seniors who faithfully gave of their time and effort. This involved a good deal of organization and record keeping. The seniors successfully netted $2,100 with the sale of 5,500 pairs of socks.

Youth for

Every year students from various countries of the world travel to other countries to live there for a few months or a year. This year there are exchange students at MacArthur from Finland, Sweden, Holland, Japan, South America, and Germany.

Why do these students leave their families and schools for such a long time? Many would probably think that we come for fun and to improve our English speaking, but there is a deeper reason for the exchange of young people. They are sent to create a better understanding between the peoples of the world, as the name of our program indicates.

We come into the U.S.A. to live with a family in order to get a knowledge of the American way of life and the ideas of the common American people. Going to school, we see how American students are educated and learn much about this country itself in our classes. All this gives us a better picture of the American people and we can understand them better, and they are able to understand us better, too.

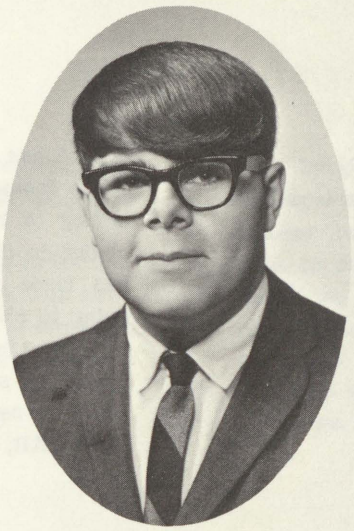
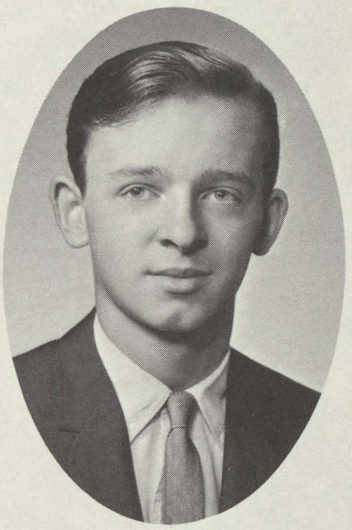
Understanding



STEPHEN TODD



DALE TROMBLY

We try to adjust ourselves as much as we can so that we really feel like our American friends. This is, of course, a little difficult in the beginning because of the language and the very many differences between peoples of every country. We, in turn, tell our friends and American families about our own families at home and about our ways to live.

In discussions we sometimes get different views of our own country. We see things from a different angle. This way we can better judge and try to improve the efforts for peace in our own countries, with new ideas. We are working for peace and friendship.

This is the main idea of the "Youth for Understanding" Program ---youths from countries all over the world live in friendship together, and peace will be established between the nations of the world, for who would shoot at a friend?

Class of '67, Is It All Over?

Class of '67, it is all over. Never again will we see a football game being played by the Generals without having to be called an alumnus. Never will we be included in the student body enrollment count. Graduation has made it impossible for us to slip into a snow drift going to chemistry class or go to a pep assembly or help plan the Senior Party or even see our friends as they check out socks at the sock-sale headquarters. We will never be asked to cast our vote for student council president, DAR, or homecoming queen. Class of '67, it is all over.

Is it really? No! It is just the start! We have spent eighteen years preparing ourselves for what is yet to come!

For many of us, it will be off to college in the fall, but we will be back for Homecoming! Others will start a new job with many new responsiblities and promotions. Still others of us will find our place in society raising a family.

Douglas MacArthur High School has done a good job in preparing each of us for our own responsiblities. Each teacher behind a desk, each student in the hall, every book on the library shelf has added variation to the four years we have spent together preparing. Now we have come to the fork in the road. It is up to us to decide for ourselves which path to take. Let's just make sure this path circles back to Saginaw for the class reunion in ten years.

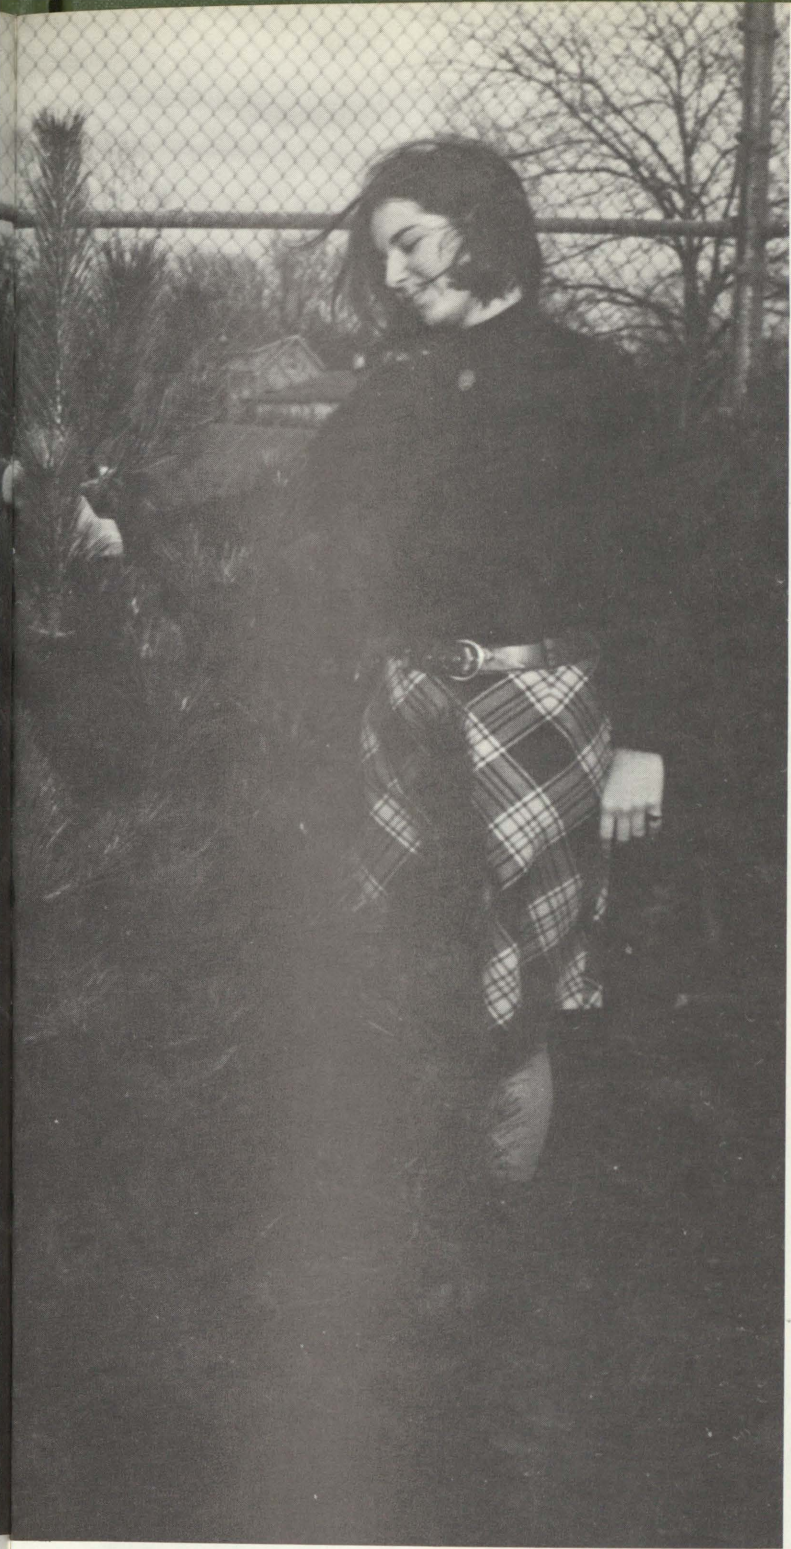
Junior Class Holds



A Christmas tree sale was held by the Junior Class under the leadership of President, Cindy Iler; Vice-President, Chris French; Treasurer, Sandy Koch, and Secretary, Chris Doyle. Much credit must be given to the class for the long and hard hours spent working on their sale and the other money-making ventures for the successful Senior Prom.

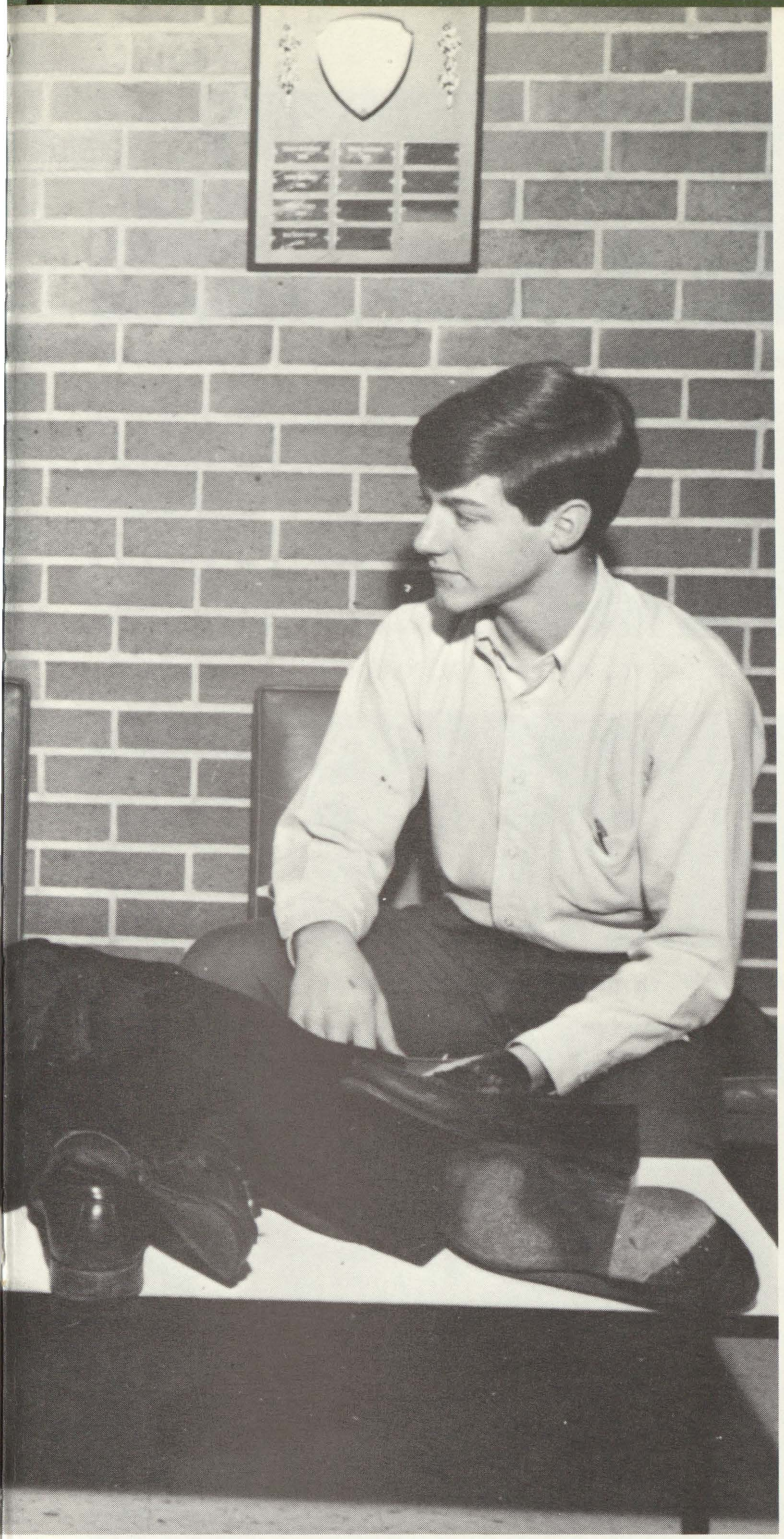
Sophomore Class Officers



The Sophomore Class, under the leadership of Vice-President, Dave Sharp; Secretary, Becky Mang; Treasurer, Mary Minderhout, and President, Duane Draper, worked hard to give the Juniors a good prom. One of their many money-making projects was a rummage sale which did not turn out as well as expected. To make up for this, the class turned to other methods of earning money, such as their candy sale.

Freshmen Try Their Hand

Trying their hand at projects, the freshman class, headed by President Tim Hinkin, Vice-President Lynn Peterson, Secretary Bonnie Pieschke, and Treasurer Patty Simpson, had a very successful year even though problems arose. It wasn't easy for the class at first, trying to learn the ropes of the school, but they succeeded and turned out to be a fine class.

They tried their hand at a rummage sale which turned out to be a success and the proceeds are to go to future years' activities of their class.

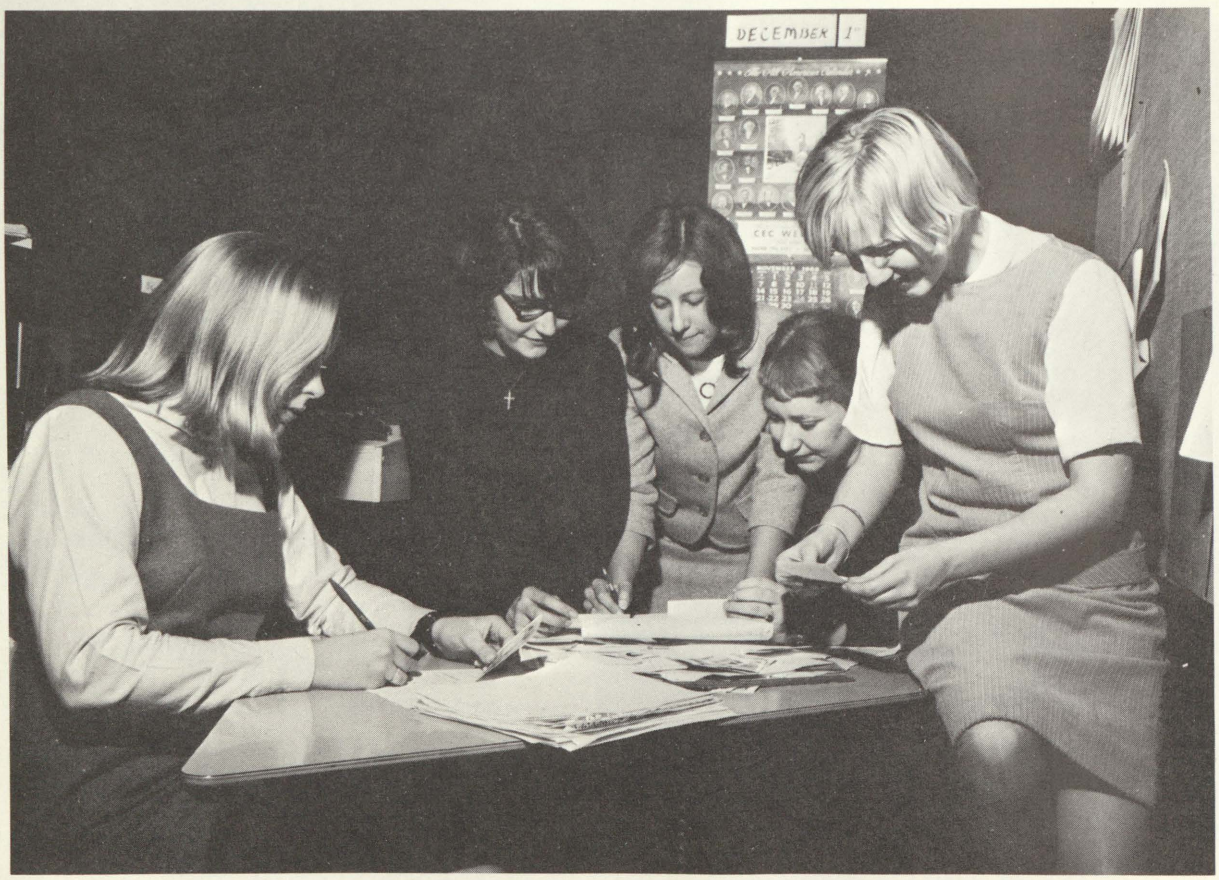
A Yearbook Is Born

Becky Mang, Kathy Kile, Mary Minderhout, and Brian Miller lay out pages while Ron Dashkovitz and Jim Wilber look on.

As the school year began, the staff started early by attending a day at a yearbook workshop at C.M.U. At the workshop speakers discussed the do's and don'ts of putting out a good book.

At the first meeting, the cover and theme were discussed and chosen. New members were taught how to crop pictures and lay out pages. The staff was sent out to sell ads and succeeded in selling eleven pages.

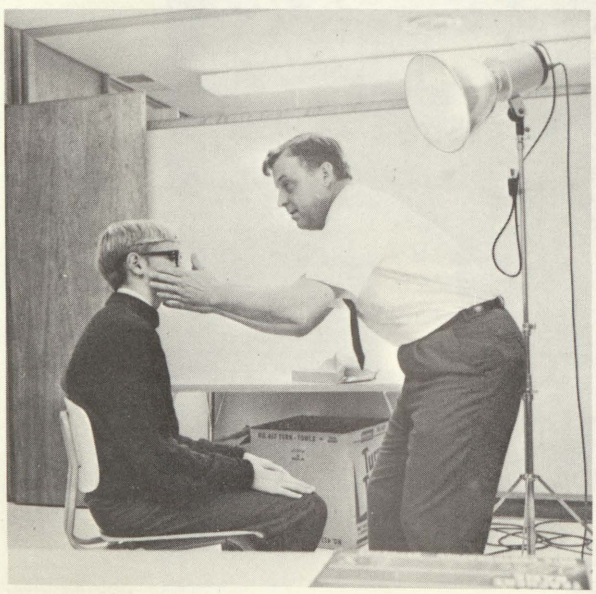
As the year progressed, the staff became smaller and more proficient. As the final deadline approached, the panic-stricken staff spent sleepless nights finishing the book.



Darla Duncan, Charlene Bock, Cheryl Kleekamp, Sandy Miller, and Sue Cummings hard at work in a futile attempt to meet the deadline.

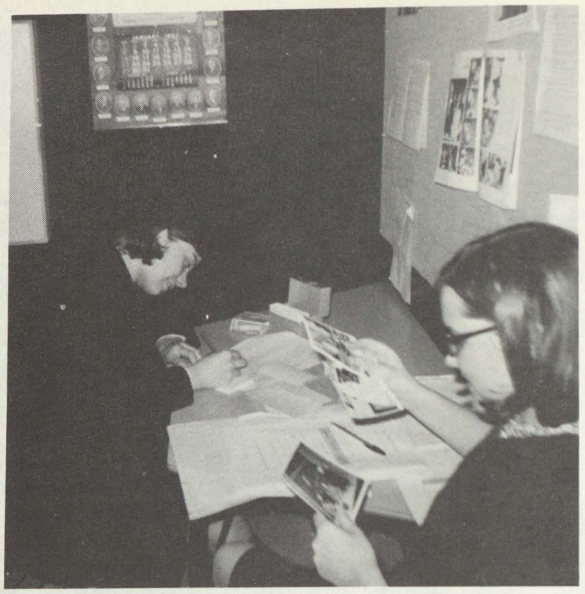
Diane D'Arcy, Anne Alexander, Diane Panko, Cindy Price, and Sally Lassignal write copy.

Pictures Tell the Story



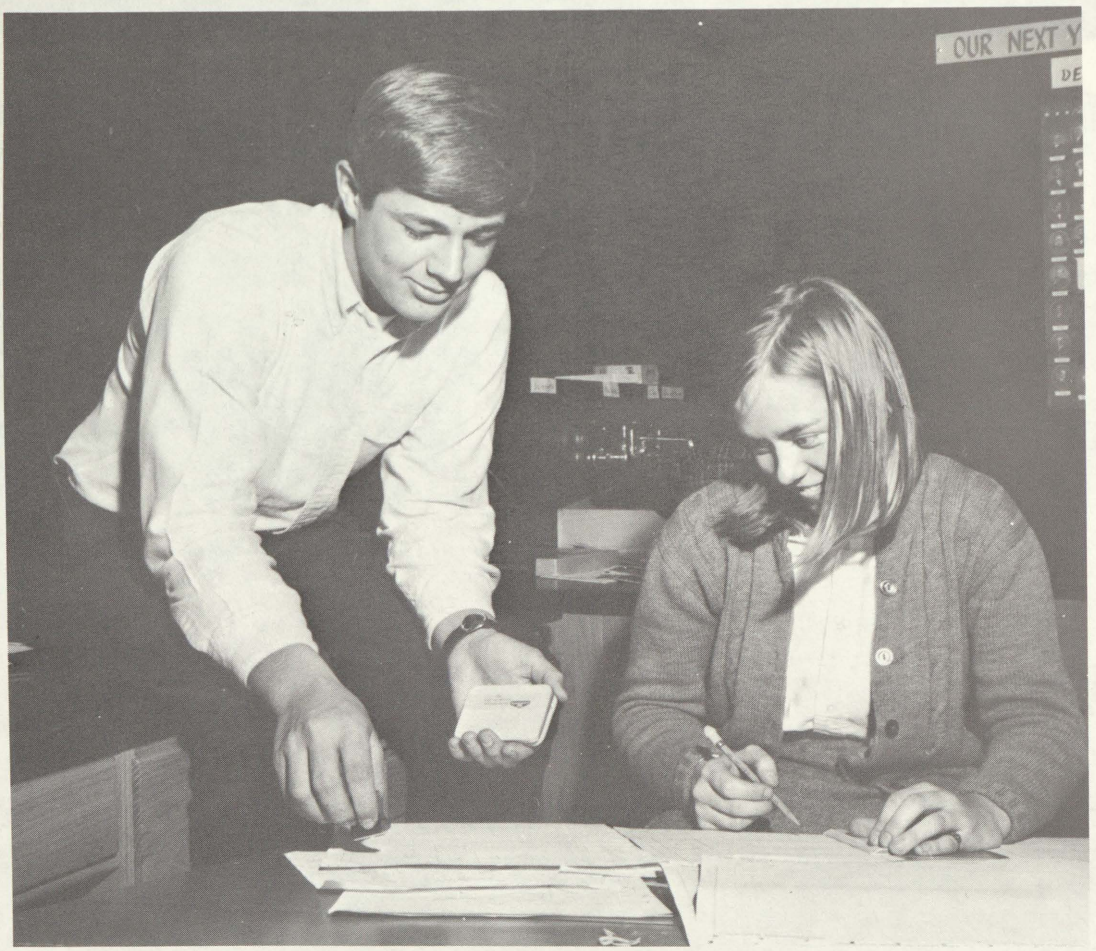
Mr. Redina makes minor adjustments before taking the picture.

Nancy Buerkel and Chris Aubel sort endless stacks of pictures.



Mary Minderhout and Cindy Price identify pictures.

Mrs. Sveom, ITELLA advisor.



Brian Miller and Cindy Iler look busy for the camera.

Jackie Wohlfeil, Christie Aubel, Chris McLeod, and Nancy Buerkel get ideas from other yearbooks.

The yearbook staff would like to thank Mr. Zittel, Mr. Weaver, Bosch Studio, Werkema Studio, and all the teachers who were kind enough to co-operate with us. Without their help, making a successful ITELLA would have been impossible.

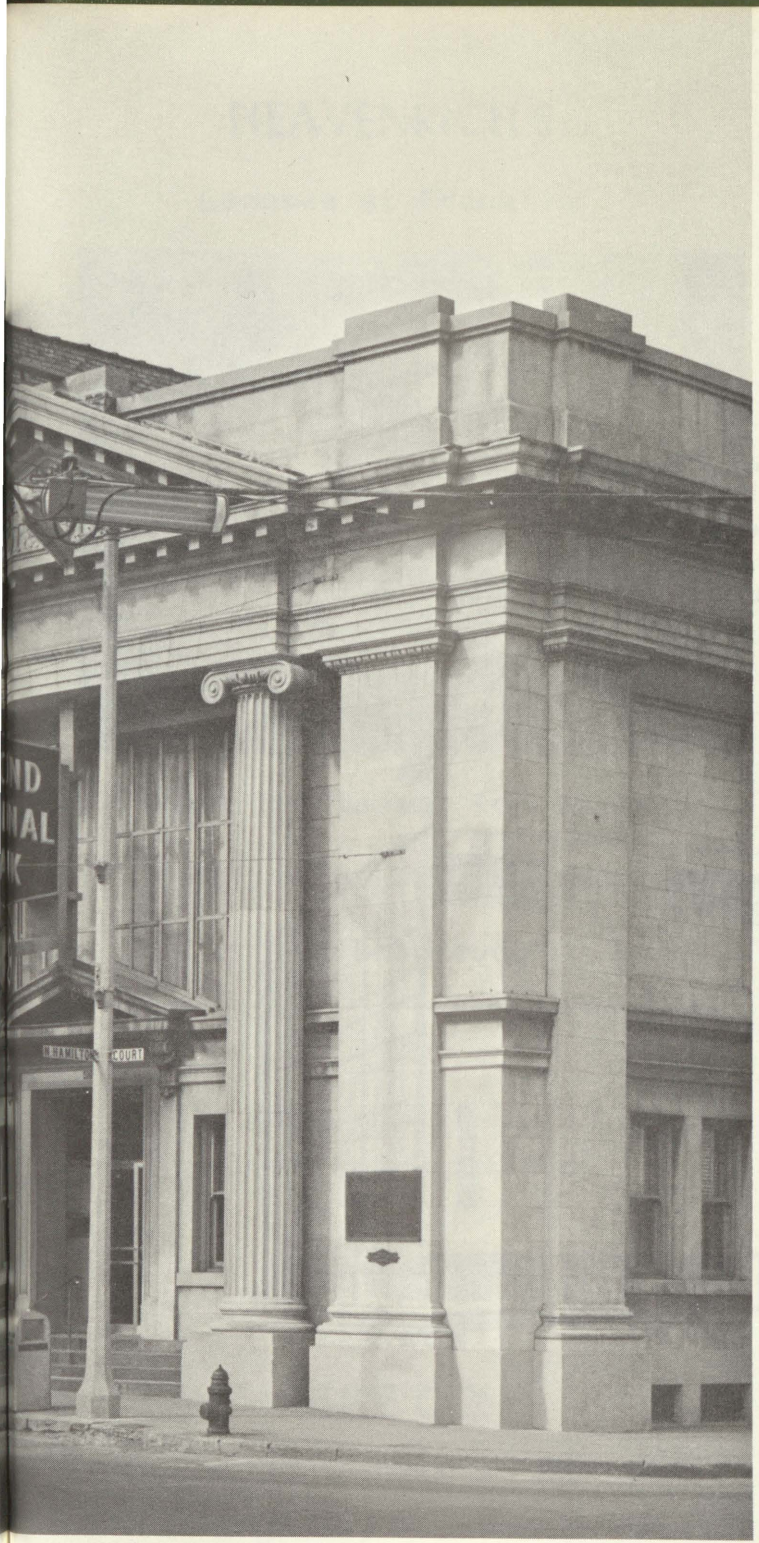
Advertisers Take Time



Merchants offer the best in the way of services and goods. Students of MacArthur patronize businesses. We find that citizens and advertisers alike support our school and the youth of Saginaw Township.

And finally, we remember Winston Churchill's words:
"This is not the end; this is not even the beginning of the end.
This is just the end of the beginning!"
